

passenger, and medium passenger railroads and approximately fifteen minutes on average for Class III, terminal, and small passenger railroads. The burden is low because it is a high-level question that would require a railroad to state only the number of territories where it has initiated RSD and the number of territories required to have operations governed by a PTC system, both of which are readily known by and available to respondent railroads.

Finally, FRA has made one additional formatting change, which reduces the length of the form. FRA removed the final page from the 10-page Appendix B, entitled "Additional Rows for Installation/Track Segment Progress—Current Status," as that page was not necessary for any of the 41 reporting railroads to complete based on the number of railroads' track segments.

III. Overview of Information Collection

The associated collection of information is summarized below.
Title: Quarterly Positive Train Control Progress Report Form.

OMB Control Number: 2130–0553.

Form Number(s): FRA F 6180.165.

Affected Public: Businesses.

Frequency of Submission: On occasion.

Respondent Universe: 41 Railroad Carriers.

Reporting Burden:

Quarterly PTC progress report	Respondent universe	Total annual responses	Average time per response (in hours)	Total annual burden hours
Form FRA F 6180.165	41 Railroads	164 Reports/Forms	21.60	3,543

FRA notes that the 21.60-hour estimate is an average for all railroads. FRA estimated the quarterly reporting burden is approximately 40.5 hours for the 11 Class I and large passenger railroads per quarterly form, approximately 27.5 hours for the 11 Class II and medium passenger railroads per quarterly form, and approximately 7.25 hours for the 19 Class III, terminal, and small passenger railroads per quarterly form.

Total Estimated Annual Responses for Form FRA F 6180.165: 164.

Total Estimated Annual Burden for Form FRA F 6180.165: 3,543 hours.

Total Estimated Annual Responses for Entire Information Collection: 147,776.

Total Estimated Annual Burden for Entire Information Collection: 3,126,102.

Status: Regular Review.

For the reasons outlined above, FRA requests regular processing and OMB authorization to collect the information on the revised Quarterly PTC Progress Report Form (Form FRA F 6180.165), 30 days after publication of this notice for a period of 3 years.

Under 44 U.S.C. 3507(a) and 5 CFR 1320.5(b) and 1320.8(b)(3)(vi), FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: 44 U.S.C. 3501–3520, 49 U.S.C. 20157(c)(2).
