SUPPLEMENTARY INFORMATION:

Additions

On 1/30/2015 (80 FR 5092-5093), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the products and impact of the additions on the current or most recent contractors, the Committee has determined that the products listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501-8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the products to the Government.
2. The action will result in authorizing small entities to furnish the products to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501-8506) in connection with the products proposed for addition to the Procurement List.

End of Certification

Accordingly, the following products are added to the Procurement List:

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: U.S. Army Corps of Engineers, Instrument for Hurricane Evacuation Behavioral Survey; Generic Collection for OMB Control Number 0710-XXXX.

Needs and Uses: The primary purpose of collections to be conducted under this clearance is to provide data which will be used in conjunction with other information to derive numerical values of certain evacuation behaviors which in turn will be used in transportation modeling of evacuation clearance times, along with shelter planning and public outreach. In general all collections under this clearance will be designed based upon accepted statistical practices and sampling methodologies, will gather consistent and valid data that are representative of the target population, address non-response bias issues, and achieve response rates needed to obtain statistically useful results.

Affected Public: Residents, property owners, businesses, nongovernmental organizations, Local Governments.

Annual Burden Hours: 1500 hours.

Number of Respondents: 6000.

Responses per Respondent: 1.

Average Burden per Response: 15 minutes (0.25 hours).

Frequency: On occasion.

Respondents are residents living in coastal areas where public officials may call for an evacuation when a hurricane threatens. The sample population queried in this generic collection is typically identified using available hurricane risk data, including data on areas at risk from hurricane storm surge flooding, previous hurricane evacuation studies or hurricane response plans, established hurricane evacuation zones, and in coordination with State and Local governments within the study

area who are responsible for hurricane emergency management and evacuation decision making.

Dated: May 5, 2015.
