**United States Department of Energy
Western Area Power Administration**

**Colorado River Storage Project
Management Center Colorado River
Storage Project**

*Sale of Surplus Products (Approved
Under Rate Order No. WAPA–190)*

Effective:

The first day of the first full billing period beginning on or after October 1, 2020, and extending through September 30, 2025, or until superseded by another rate schedule, whichever occurs earlier.

Applicable:

This Rate Schedule applies to the sale of the following Salt Lake City Area Integrated Projects (SLCA/IP) surplus energy and capacity products: energy, frequency response, regulation, and reserves. If any of the above SLCA/IP surplus products are available, SLCA/IP can make the product(s) available for sale, providing entities enter into separate agreement(s) with CRSP Marketing which will specify the terms of the sale(s).

Formula Rate:

The charge for each product will be determined at the time of the sale based on market rates, plus administrative costs. The customer will be responsible for acquiring transmission service necessary to deliver the product(s), for

which a separate charge may be incurred.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0790; FRS 17014]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before October 23, 2020. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418–2991.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0790.

Title: Section 68.110 (c), Availability of Inside Wiring Information.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 200 respondents; 1,200 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: Recordkeeping requirement and third party disclosure requirement.

Obligation to Respond: Mandatory. Providers of wireline telecommunications services that willfully or repeatedly fail to comply with this rule are subject to forfeitures under 47 CFR 1.80. Statutory authority for this collection of information is contained in 47 U.S.C. 151, 154, 201–205, 218, 220 and 405 of the Communications Act of 1934, as amended.

Total Annual Burden: 1,200 hours.

Total Annual Cost: \$5,000.

Privacy Act Impact Assessment: No Impact(s).

Nature and Extent of Confidentiality: The Commission is not requesting that respondents submit any confidential trade secrets or proprietary information to the FCC.

Needs and Uses: Section 68.110(c) requires that any available technical information concerning carrier-installed wiring on the customer's side of the demarcation point, including copies of existing schematic diagrams and service records, shall be provided by the telephone company upon request of the building owner or agent thereof. The provider of wireline telecommunications services may charge the building owner a reasonable fee for this service, which shall not exceed the cost involved in locating and copying the documents. In the alternative, the provider may make these documents available for review and copying by the building owner or his agent. In this case, the wireline telecommunications carrier may charge a reasonable fee, which shall not exceed the cost involved in making the documents available, and may also require the building owner or his agent to pay a deposit to guarantee the documents' return. The information is needed so that building owners may choose to contract with an installer of their choice on inside wiring maintenance and installation services to modify existing wiring or assist with the installation of additional inside wiring.
