

Primary Listing Markets may be subject to commercial pressures in making decisions to call a Regulatory Halt and resuming trading thereafter. Accordingly, the Commission believes that the good-faith-determination standard encourages Primary Listing Markets to consider the broader interests of the national market system with respect to declaring trading halts and resuming trading thereafter, thereby promoting the maintenance of fair and orderly markets and enhancing the protection of investors.<sup>48</sup>

For the reasons discussed, the Commission finds that the Amendments to the Plans, are consistent with the requirements of the Act and the rules and regulations thereunder, and in particular, Section 11A of the Act<sup>49</sup> and Rule 608<sup>50</sup> thereunder in that the Amendments are necessary or appropriate in the public interest, for the protection of investors and the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system. Section 11A of the Act<sup>51</sup> sets forth Congress' finding that it is in the public interest and appropriate for the protection of investors and the maintenance of fair and orderly markets to ensure the prompt, accurate, reliable and fair collection, processing, distribution, and publication of information with respect to quotations for and transactions in such securities and the fairness and usefulness of the form and content of such information. The Commission believes that the Amendments further these goals set forth by Congress.

#### IV. Conclusion

It is therefore ordered, pursuant to Section 11A of the Act,<sup>52</sup> and Rule 608(b)(2) thereunder,<sup>53</sup> that the Amendments to the CTA and CQ Plans (File No. SR-CTA/CQ-2021-01) are approved.

By the Commission.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-92051; File No. SR-C2-2021-009]

### Self-Regulatory Organizations; Cboe C2 Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Align the Exchange's Rulebook With the Rulebook of Its Affiliated Exchange, Cboe Options, Inc. ("Cboe Options") and Make Other Formatting Changes

May 27, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 19, 2021, Cboe C2 Exchange, Inc. (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe C2 Exchange, Inc. (the "Exchange" or "C2") proposes to align the Exchange's rulebook with the rulebook of its affiliated Exchange, Cboe Options, Inc. ("Cboe Options") and make other formatting changes. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's

website ([http://markets.cboe.com/us/options/regulation/rule\\_filings/ctwo/](http://markets.cboe.com/us/options/regulation/rule_filings/ctwo/)), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to align the numbers of its rules in the Exchange's Rulebook with the numbers of the same (or substantially similar) rules within the rulebook of its affiliated exchange, Cboe Options.<sup>3</sup> The Exchange believes aligning the numbers of its rules with those of the same (or substantially similar) rules of Cboe Options to the extent practicable<sup>4</sup> will reduce potential confusion for market participants. The below table sets forth the rules in the Exchange's Rulebook, their current rule numbers, and the proposed rule numbers. As noted in the table below, the proposed rule change deletes certain reserved rule numbers and adds certain reserved rule numbers to maintain number alignment with Cboe Options rule numbers.

other affiliated options exchanges, Cboe BZX Exchange, Inc. and Cboe EDGX Exchange, Inc. with the rule numbers of Cboe Options and the Exchange.

The proposed rule change also updates cross-references to reflect the proposed changes in the above table and

updates chapter and section headings and to conform to those in the Cboe Options rulebook. The proposed rule

change also corrects certain cross-references that are currently inaccurate, as follows:

Rule location of current inaccurate cross-reference	Current cross-reference	Revised/accurate cross-reference
1.1 (definition of "Protected Quotation").	6.80 (incorrect Cboe Options rule number (which should be Cboe Options Rule 5.65) incorporated by reference into current C2 Chapter 6, Section E).	5.65 (Cboe Options rule number incorporated by reference into proposed C2 Chapter 5, Section E).
1.1 (definition of "System Securities")	Chapters 5 and 24 (should be Chapter 4) .....	Chapter 4 (incorporates by reference Cboe Options Chapter 4).
1.1 (definition of "Unit") .....	Rule 5.3, Interpretation and Policy .06 (incorrect Cboe Options rule number (which should be Cboe Options Rule 4.3, Interpretation and Policy .06) incorporated by reference into current C2 Chapter 4).	Rule 4.3, Interpretation and Policy .06 (Cboe Options rule number incorporated by reference into C2 Chapter 4).
6.42(f) (proposed Rule 1.10(f)) .....	Chapter 19 (should be Chapter 15, which incorporates by reference Cboe Options Chapter 15).	Chapter 15 (which incorporates by reference Cboe Options Chapter 15).

<sup>5</sup> In separate rule filings, the Exchange intends to align the membership rules included in Chapter 3 of the Exchange's Rulebook with the membership rules included in Cboe Options' Rulebook.

<sup>6</sup> Proposed Rule 1.13 is the same as Cboe Options Rule 1.15. As Cboe Options Rules 1.13 and 1.14 are applicable to Cboe Options but not the Exchange, the Exchange expects Cboe Options to submit a separate filing to renumber Cboe Options Rule 1.15 to Rule 1.13, and then renumber current Cboe Options Rules 1.13 and 1.14 to Rules 1.14 and 1.15, respectively.

<sup>7</sup> The Exchange notes current Rule 6.51 (proposed Rule 5.13) is the same as Cboe Options Rule 5.86(e).

As Cboe Options Rule 5.86(e) is inapplicable to C2, the proposed rule change moves current Rule 6.51 to Rule 5.13, which is a rule number not currently in the Cboe Options rulebook. The Exchange and Cboe Options will consider whether additional changes can be made to further align this and other rule numbers.

<sup>8</sup> Chapter 11 of the Exchange's Rulebook incorporates by reference Chapter 11 of the Cboe Options Rulebook, including Cboe Options Rule 11.6, which is virtually identical to current C2 Rule 8.8. Therefore, current C2 Rule 8.8 is redundant.

<sup>9</sup> Currently, Chapter 13 of the Exchange Rulebook states that any references in Cboe Options Rule

13.15 to Rule 2.3 are deemed to refer to C2 Rule 3.9. Current Rule 3.9 and Cboe Options Rule 2.3 are identical, and with the proposed move of C2 Rule 3.9 to Rule 2.3, that sentence in Chapter 13 is no longer necessary. Therefore, the proposed rule change deletes that sentence from Chapter 13. Additionally, Rule 13.15(g)(19) currently includes a parenthetical reference to Rule 6.34(b), which is also referenced in the body of that rule. The other C2-specific provisions in Rule 13.15 do not include such parenthetical reference in the rule provision heading, so the proposed rule change deletes that reference for consistency throughout the rule.

Rule location of current inaccurate cross-reference	Current cross-reference	Revised/accurate cross-reference
6.43(a) (proposed Rule 1.11) .....	Rule 5.3.06 (incorrect Cboe Options rule number (which should be Cboe Options Rule 4.3, Interpretation and Policy .06) incorporated by reference into current C2 Chapter 4).	Rule 4.3, Interpretation and Policy .06) (Cboe Options rule number incorporated by reference into C2 Chapter 4).
3.1(f) .....	Chapter 17 (should be Chapter 13, which incorporates by reference Cboe Options Chapter 13).	Chapter 13 (which incorporates by reference Cboe Options Chapter 13).

Rule 13.15 and Chapter 13 (which incorporates by reference Cboe Options Rule 13.15 and Chapter 13, respectively).
6.3(b) (proposed 5.3(b)) .....	5.7 (should be current Rule 6.2, which is proposed Rule 5.2).	5.2.

6.30(h) (proposed 5.10(h)) .....	8.1 (correct Cboe Options rule number, but is incorporated by reference into current C2 Chapter 5 (proposed C2 Chapter 8)).	8.1 (Cboe Options rule incorporated by reference into proposed C2 Chapter 8).
6.51 (proposed 5.13) .....	8.1 (correct Cboe Options rule number, but is incorporated by reference into current C2 Chapter 5 (proposed C2 Chapter 8)).	8.1 (Cboe Options rule incorporated by reference into proposed C2 Chapter 8).
6.32, Interpretation and Policy .02(c) (proposed 5.20, Interpretation and Policy .02(c)).	6.1 (should be current 6.11 (proposed 5.31) .....	5.31.

Chapter 7, Section B .....	Section F of Cboe Options Chapter VI (should be Section B of Cboe Options Chapter 6).	Section B of Cboe Options Chapter 6 [sic].

The proposed rule change makes no substantive changes to any rule text.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>10</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>11</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the

proposed rule change is consistent with the Section 6(b)(5)<sup>12</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change will remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest by aligning the numbers and format of the Exchange's rules within its Rulebook with the rule numbers of the same rules in the rulebook of Cboe Options, which is affiliated with the Exchange.<sup>13</sup> The Exchange believes consistent numbering (and chapter and section headings) among rulebooks of affiliated exchanges for rules (and chapter and section headings) that are the same (or substantially similar) may simplify the

rulebooks of the Exchange and its affiliated exchanges as well as reduce confusion among participants of the Exchange that are also participants on Cboe Options. The Exchange believes this consistency will foster cooperation and coordination with persons engaged in facilitating transactions in securities.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change has no competitive impact, as it merely changes the numbers of certain rules (and updates cross-references, as appropriate) and chapter and section heading names and font, but makes no substantive changes to any rule text.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

<sup>10</sup> 15 U.S.C. 78f(b).

<sup>11</sup> 15 U.S.C. 78f(b)(5).

<sup>12</sup> *Id.*

<sup>13</sup> A significant portion of the Exchange's Rulebook incorporates by reference Cboe Options rules and is already aligned numerically with the Cboe Options rulebook. The proposed rule change aligns the numbers of all rules and chapters in the Exchange's Rulebook with those of the Cboe Options rulebook.

### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>14</sup> and paragraph (f) of Rule 19b-4<sup>15</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.
