Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping and/or countervailing duties on all appropriate entries during the periods of review noted above for each of the listed administrative reviews at rates equal to the cash deposit of estimated antidumping or countervailing duties, as applicable, required at the time of entry, or withdrawal of merchandise from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register** for rescinded administrative reviews of AD/CVD orders on countries other than Canada and Mexico. For rescinded administrative reviews of AD/CVD orders on Canada or Mexico, Commerce intends to issue assessment instructions to CBP no earlier than 41 days after the date of publication of this rescission notice in the **Federal Register**.

Notification to Importers

This notice serves as the only reminder to importers of merchandise subject to AD orders of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during the review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to an APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in these segments of these proceedings. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply

with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Crystalline Silicon Photovoltaic Products, Whether or Not Assembled Into Modules, From the People's Republic of Taiwan: Notice of Initiation of Changed Circumstances Review, and Consideration of Revocation of the Antidumping Order, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.
SUMMARY: Based on a request from Lutron Electronics Co., Inc. (Lutron), the U.S. Department of Commerce (Commerce) is initiating a changed circumstances review (CCR) to consider the possible revocation, in part, of the antidumping duty (AD) order on crystalline silicon photovoltaic products (solar products) from Taiwan with respect to certain small, low-wattage, off grid crystalline silicon photovoltaic (CSPV) cells as described below.
DATES: Applicable October 21, 2024.
FOR FURTHER INFORMATION CONTACT: Mark Hoadley, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3148.

SUPPLEMENTARY INFORMATION:

Background

On February 18, 2015, Commerce published the AD order on solar products from Taiwan.¹ On August 28,

2024, Lutron, a domestic producer, importer and exporter of subject merchandise, requested, through a CCR, revocation of the *Order*, in part, with respect to certain small, low-wattage, off-grid CSPV cells, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b).² Within its Lutron's CCR request, Lutron included a letter from the American Alliance for Solar Manufacturing (the Alliance), a domestic interested party in this proceeding, in which the Alliance stated that it did not oppose the partial revocation of the *Order* proposed by Lutron.³ No interested parties filed comments opposing the CCR request.

Scope of the Order

The merchandise covered by the *Order* is crystalline silicon photovoltaic cells, and modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials.
Subject merchandise includes crystalline silicon photovoltaic cells of thickness equal to or greater than 20 micrometers, having a p/n junction formed by any means, whether or not the cell has undergone other processing, including, but not limited to, cleaning, etching, coating, and/or addition of materials (including, but not limited to, metallization and conductor patterns) to collect and forward the electricity that is generated by the cell.

Modules, laminates, and panels produced in a third-country from cells produced in Taiwan are covered by the *Order*. However, modules, laminates, and panels produced in Taiwan from cells produced in a third-country are not covered by the *Order*.

Excluded from the scope of the *Order* are thin film photovoltaic products produced from amorphous silicon (a-Si), cadmium telluride (CdTe), or copper indium gallium selenide (CIGS). Also excluded from the scope of the *Order* are crystalline silicon photovoltaic cells, not exceeding 10,000mm² in surface area, that are permanently integrated into a consumer good whose function is other than power generation and that
