

F. International Tolerances

There are currently no Codex maximum residue limits (MRLs) for fenbuconazole, but the fenbuconazole data base was evaluated by the world health organization (WHO) and the food and agriculture organization (FAO) expert panels at the joint meeting on pesticide residues (JMPR) in September 1997. An allowable daily intake (ADI; also called RfD) of 0.03 mg/kg/day and a total of 32 Codex MRLs were proposed in the JMPR report.

AGENCY: Environmental Protection Agency (EPA).
