Comments: On October 18, 2010, we published in the **Federal Register** (75 FR 63850) a notice of our intent to request that OMB renew approval for this information collection. In that notice, we solicited comments for 60 days, ending on December 17, 2010. We received two comments. The Marine Mammal Commission submitted a letter of support for the data collection as proposed. A second comment opposed this information collection as unworthy of continued support and a burden to general taxpayers. In this comment, subsistence marine mammal hunters were misidentified as fishermen. We note the concerns raised by this individual; however, the harvest of marine mammals by certain Alaska Natives for certain purposes is specifically exempted from otherwise prohibited activities by section 101(b) of the Marine Mammal Protection Act (MMPA) of 1972, as amended (16 U.S.C. 1361 *et seq.*). A Marking, Tagging and Reporting Program is also specifically mandated by this same Act. We did not make any changes to our information collection.

We again invite comments concerning this information collection on:

- Whether or not the collection of information is necessary, including whether or not the information will have practical utility;
- The accuracy of our estimate of the burden for this collection of information;
- Ways to enhance the quality, utility, and clarity of the information to be collected; and
- Ways to minimize the burden of the collection of information on respondents.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment, including your personal identifying information, may be made publicly available at any time. While

you can ask OMB in your comment to withhold your personal identifying information from public review, we cannot guarantee that it will be done.

The BIE allocates this funding to Tribes and Tribal organizations. SUPPLEMENTARY INFORMATION:

I. Abstract

The IDEIA, 20 U.S.C. 1411(h)(4)(c) and 1443(b)(3), requires Tribes and Tribal organizations to submit certain information to the Secretary of the Interior. Under the IDEIA, the U.S. Department of Education provides funding to the Secretary of the Interior for the coordination of assistance for special education and related services for Indian children 0 to 5 years of age with disabilities on reservations served by Bureau-funded schools. The Secretary of the Interior, through the BIE, then allocates this funding to Tribes and Tribal organizations based on the number of such children served. In order to allow the Secretary of the Interior to determine what amounts to allocate to whom, the IDEIA requires Tribes and Tribal organizations to submit information to Interior. The BIE collects this information on two forms, one for Indian children 3 to 5 years of age covered by IDEIA Part B, and one for Indian children 0 to 2 years of age covered by IDEIA Part C.

In IDEIA Part B—Assistance for Education of All Children with Disabilities, 20 U.S.C. 1411(h)(4)(D) requires Tribes and Tribal organizations to use the funds to assist in child find, screening, and other procedures for the early identification of Indian children 3 through 5 years of age, parent training, and the provision of direct services. In IDEIA Part C—Infants and Toddlers with Disabilities, 20 U.S.C. 1443(b)(4) likewise requires Tribes and Tribal organizations to use the funds to assist in child find, screening, and other procedures for early identification of Indian children under 3 years of age and for parent training and early intervention services.

The Paperwork Reduction Act of 1995 provides an opportunity for interested parties to comment on proposed information collection requests. The BIE is proceeding with this public comment period to obtain an information collection clearance from the Office of Management and Budget (OMB).

II. Request for Comments

The BIE requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of

the methodology and assumptions used; (c) Ways we could enhance the quality, utility and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or request, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, e-mail address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.
