- Sustained service speed of at least 14 knots, with higher speeds preferred;
- Carry only clean refined products; and

- Double-hulled and capable of carrying more than two separated grades of refined petroleum products with double valve protection between tanks.

National Security Requirements

The applicant chosen to receive a TSP Operating Agreement will be required to enter into an Emergency Preparedness Agreement (EPA) in accordance with 46 U.S.C. 53407, or such other agreement as may be approved by the Secretaries. The current EPA approved by the Secretary and SecDef is the Voluntary Tanker Agreement (VTA), publicly available for review at 87 FR 67119 (November 7, 2022).

Documentation

A vessel chosen to receive the TSP Operating Agreement must be documented as a U.S.-flag vessel under 46 U.S.C. chapter 121 to operate under the Operating Agreement. An applicant proposing a vessel registered under the laws of a foreign country at the time of application must demonstrate the vessel owner's intent to have the vessel documented under U.S. law and must demonstrate that the vessel is U.S.-registered by the time the applicant enters into a TSP Operating Agreement for the vessel. Proof of U.S. Coast Guard vessel documentation and inspection and all relevant charter and management agreements for a chosen vessel must be approved by MARAD before the vessel will be eligible to

operate under a TSP Operating Agreement and receive TSP payments.

Vessel Operation

A vessel selected for award of a TSP Operating Agreement must be operated in foreign commerce, in mixed foreign commerce and domestic trade of the United States permitted under a registry endorsement issued under 46 U.S.C. 12111, or between U.S. ports and those points identified in 46 U.S.C. 55101(b), or in foreign-to-foreign commerce, and must not otherwise operate in the coastwise trade of the United States. Further, no vessel may operate under a TSP Operating Agreement while it is also operating under charter to the U.S. Government for a period that, together with options, exceeds 180 continuous days.

Protection of Confidential Commercial or Financial Information

If the application includes information that the applicant considers to be a trade secret or confidential commercial or financial information, the applicant should do the following: (1) Note on the front cover that the submission "Contains Confidential Commercial or Financial Information (CCFI)"; (2) mark each affected page "CCFI"; and (3) highlight or otherwise denote the CCFI portions. MARAD will protect such information from disclosure to the extent allowed under applicable law. In the event MARAD receives a Freedom of Information Act (FOIA) request for the information, procedures described in the Department's FOIA regulation at 49 CFR 7.29 will be followed. Only information that is ultimately determined to be confidential under that procedure will be exempt from disclosure under FOIA.

Award of Operating Agreements

MARAD will make every effort to expedite the review of applications and the award of a TSP Operating Agreement. MARAD, however, does not guarantee the award of a TSP Operating Agreement in response to applications submitted under this Notice. If no awards are made, or an application is not selected for an award, the applicant will be provided with a written reason for why the application was denied.

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) mark each page of the original document submission containing CBI as “Confidential”; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA–PHP–80, 1200 New Jersey Avenue SE, Washington, DC 20590–0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

Technical: Mr. Earnest Scott by telephone at 202–909–7529, or by email at earnest.scott@dot.gov.

SUPPLEMENTARY INFORMATION:

PHMSA received a special permit request from DTM, a subsidiary of DT Midstream, Inc., on July 14, 2023, seeking a waiver from the Federal pipeline safety regulations in 49 CFR 192.625(b), which requires a gas transmission pipeline to be odorized in a Class 3 or a Class 4 location.

The proposed special permit would allow DTM to operate the W10–28 and Shelby 2 Pipelines without odorization. The W10–28 and Shelby 2 Pipelines are 20-inch-diameter natural gas transmission pipelines, 7.3 miles in length, located in Macomb County, Michigan. The maximum allowable operating pressure for the W10–28 and

Shelby 2 Pipelines is 2,160 pounds per square inch gauge.

The special permit request, proposed special permit with conditions, and draft environmental assessment (DEA) for the above listed DTM pipeline segments are available for review and public comment in Docket Number PHMSA 2023–0071. PHMSA invites interested persons to review and submit comments on the special permit request, proposed special permit with conditions, and DEA in the docket. Please submit comments on any potential safety, environmental, or other relevant consideration implicated by the special permit request. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the comments closing date. Comments received after the closing date will be evaluated if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.

SUPPLEMENTARY INFORMATION:

Background

Purpose of the Committee

ACTE was established to provide independent advice and recommendations to the Secretary of Transportation about comprehensive, interdisciplinary issues related to civil rights and transportation equity in the planning, design, research, policy, and advocacy contexts from a variety of transportation equity practitioners and community leaders. Specifically, the Committee will provide advice and recommendations to inform the Department’s efforts to:

Implement the Agency’s Equity Action Plan and Strategic Plan, helping to institutionalize equity into Agency programs, policies, regulations, and activities;

Strengthen and establish partnerships with overburdened and underserved communities who have been historically underrepresented in the Department’s outreach and engagement, including those in rural and urban areas;

Empower communities to have a meaningful voice in local and regional transportation decisions; and

Ensure the compliance of Federal funding recipients with civil rights laws and nondiscrimination programs, policies, regulations, and activities.

Meeting Agenda

The agenda for the meeting will consist of:

Opening remarks
Wealth Creation background
Review of existing recommendations
Feedback and new recommendations from attendees
USDOT updates
Next steps and closing remarks
Meeting Participation
