

The respondent burden associated with labeling requirements for unregistered exported pesticides decreased from 4,888 in the previous renewal to 4,480 in the current renewal. The respondent burden associated with labeling requirements for registered exported pesticides decreased from 9,900 in the previous renewal to 9,240 in the current renewal. The decrease in burden is due to a decrease in the estimated number of respondents per calendar year of 2015–2017. Total labor costs for respondents decreased due to a decrease in the estimated number of respondents per calendar year from 2015–2017 and changes in the wage rates made to reflect current wage rates. The new wage estimates incorporated higher estimates for benefits than was used in the previous renewal. These changes are an adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Childhood & Family Experiences Study.

OMB No.: New Collection.

Description: The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS) is proposing data collection activities as part of a project to understand how public programs can better serve low-income families. The Childhood & Family Experiences study, will examine the perspectives and lived experiences of children and families living in poverty. This qualitative study intends to use this information to increase understanding of the lives of children in poverty and their families in order to improve how human services programs can help families achieve self-sufficiency.

This **Federal Register** Notice provides the opportunity to comment on proposed new information collection activities for this study: (1) Adult interviews will collect information about household income and finances, conversations parents have with their children about finances, and their experiences, if applicable, receiving public benefits. (2) Adolescent interviews will collect information about adolescents’ understanding of their family’s economic circumstances, how they communicate with their parents about them, and how they feel about these circumstances, including public benefits, if applicable. (3) Child interviews will collect information about children’s understanding of their family’s economic circumstances, how they communicate with their parents about them, and how they feel about these circumstances, including public benefits, if applicable. (4) A phone screener will be used with prospective families to assess their eligibility for the study and, for those who are eligible, provide them with additional materials about the study, including any risks, to assess their interest in participating.

Respondents: Children and their parents who are living in poverty.
