SUPPLEMENTARY INFORMATION:

Title: Scientific Cooperation Research Program application.

OMB Number: 0551–New.

Expiration Date of Approval: Three years from approval date.

Type of Request: Existing collection in use without an OMB control number.

Abstract: The Scientific Cooperation Research Program (SCRIP) was established in 1980 and supports the Borlaug Fellowship Program by utilizing the scientific community's accumulated knowledge and technologies to develop practical solutions to agricultural trade, market access, animal health, plant health, biotechnology, food safety, food security, and sustainable natural resource management. Since the program's inception, USDA has sponsored more than 400 projects with about 95 partnering countries.

To achieve its objectives, SCRIP relies on the solicitation for qualified program applicants through a written application. FAS Posts across the globe provide this application to potential Fellows to assist in determining the adequacy of their candidacy alongside FAS Washington. The application is designed to capture the professional status of the applicant, the applicant's personal contact information, and the applicant's suitability for the program. Thus, the SCRIP application is an integral tool to Fellowship Programs Division and FAS' strategic goals at large.

In addition to information related to program objectives, the SCRIP application collects information that may be considered Personal Identifiable Information (PII), including the following: first name, middle name, last name, gender, salutation, birth date, birth city, citizenship country, country of residence, work phone, permanent

home address, work address, personal email, work email, and emergency contact information (family contact: name, relationship, home phone, cell phone, and email).

Estimate of Burden: The public reporting burden for each respondent resulting from information collection under SCRIP varies in direct relation to the number of fellowships that each respondent participates in.

Type of Respondents: Individuals.

Estimated Number of Respondents: 20 per annum.

Estimated Number of Responses per Respondent: 1 per annum.

Estimated Total Annual Burden of Respondents: 20 hours per annum.

Copies of this information collection can be obtained from Dacia Rogers, the Agency Information Collection Coordinator, at Dacia.Rogers@usda.gov.

Request for Comments: Send comments regarding (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information including validity of the methodology and assumption used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be available without change, including any personal information provided, for inspection online at <http://www.regulations.gov> and at the mail address listed above between 8:00 a.m. and 4:30 p.m., Monday through Friday, except holidays.

Comments will be summarized and included in the submission for OMB approval.

Subsidy Programs Provided by Countries Exporting Softwood Lumber and Softwood Lumber Products to the United States; Request for Comment

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) seeks public comment on any subsidies, including stumpage subsidies, provided by certain countries exporting softwood lumber or softwood lumber products to the United States during the period January 1, 2022, through June 30, 2022.

DATES: Comments must be submitted within 30 days after publication of this notice.

FOR FURTHER INFORMATION CONTACT:

Kristen Johnson, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4793.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to section 805 of title VIII of the Tariff Act of 1930 (the Softwood Lumber Act of 2008), the Secretary of Commerce is mandated to submit to the appropriate Congressional committees a report every 180 days on any subsidy provided by countries exporting softwood lumber or softwood lumber products to the United States, including stumpage subsidies. Commerce submitted its last subsidy report to the Congress on June 30, 2022.

Request for Comments

Given the large number of countries that export softwood lumber and softwood lumber products to the United States, we are soliciting public comment only on subsidies provided by countries which had exports accounting for at least one percent of total U.S. imports of softwood lumber by quantity, as classified under Harmonized Tariff Schedule of the United States (HTSUS) codes 4407.1100, 4407.1200, 4407.1300, 4407.1400, and 4407.1900, during the period January 1, 2022, through June 30,

2022.¹ Official U.S. import data, published by the United States International Trade Commission's DataWeb, indicate that six countries (Austria, Brazil, Canada, Germany, Romania, and Sweden) exported softwood lumber to the United States during that time period in amounts sufficient to account for at least one percent of U.S. imports of softwood lumber products. We intend to rely on similar six-month periods to identify the countries subject to future reports on softwood lumber subsidies. For example, we will rely on U.S. imports of softwood lumber and softwood lumber products during the period July 1, 2022, through December 31, 2022, to select the countries subject for the next report.

Under U.S. trade law, a subsidy exists where an authority: (i) provides a financial contribution; (ii) provides any form of income or price support within the meaning of article XVI of the GATT 1994; or (iii) makes a payment to a funding mechanism to provide a financial contribution to a person, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments, and a benefit is thereby conferred.²

Parties should include in their comments: (1) the country which provided the subsidy; (2) the name of the subsidy program; (3) a brief description (no more than 3–4 sentences) of the subsidy program; and (4) the government body or authority that provided the subsidy.

Submission of Comments

As specified above, to be assured of consideration, comments must be received no later than 30 days after the publication of this notice in the **Federal Register**. All comments must be submitted through the Federal eRulemaking Portal at <http://www.regulations.gov>, Docket No. ITA–2022–0011. The materials in the docket will not be edited to remove identifying or contact information, and Commerce cautions against including any information in an electronic submission that the submitter does not want publicly disclosed. Attachments to electronic comments will be accepted in

¹ We previously queried HTSUS codes 4407.1001, 4407.1905, 4407.1906, 4407.1910. However, those codes were deactivated and replaced by codes included in the import data query for the period January 1, 2022, through June 30, 2022.

² See section 771(5)(B) of the Tariff Act of 1930, as amended.
