

Number of Respondents: 1,000.

Average Hours Per Response: 15 minutes.

Needs and Uses: NOAA has a responsibility to provide a safe working environment for its workforce and partners who are exposed to the risks associated with flying on behalf of the Agency. NOAA's aviation safety policy requires all individuals who fly on aircraft owned or operated by NOAA for mission operations, and all NOAA personnel who fly on any aircraft for mission operations in the performance of their official duties to be medically screened to identify individuals that could be placed in a work environment (flight) with the potential to aggravated existing medical conditions. NOAA Office of Marine and Aviation Operations (OMAO) administers NOAA's aviation safety policy through the Aviation Safety Program. OMAO requests medical history information from individuals (researchers or NOAA Program activity observers) requesting clearance to fly on behalf of NOAA to determine the individual's fitness for flight. This information, upon receipt, is reviewed by the NOAA Aviation Medical Examiner to determine whether or not to grant a NOAA Aeromedical Clearance Notice, receipt of which, authorizes participation in flight activities on behalf of NOAA.

Affected Public: Not-for-profit institutions; State, local or tribal government; Federal Government; individuals or households; business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Paperwork Submissions Under the Coastal Zone Management Act Federal Consistency Requirements.

Form Number(s): None.

OMB Approval Number: 0648-0411.

Type of Request: Regular submission.

Burden Hours: 35,799.

Number of Respondents: 2,334.

Average Hours per Response:

Consistency certifications or determinations and state responses to them, 8 hours; applications for Federal assistance and state responses, 2 hours; state requests for review of unlisted activities, 4 hours; public notice requirements, 1 hour; requests for remedial action or supplemental review, 6 hours; listing notice, 1 hour; interstate listing, 30 hours; requests for mediation, 2 hours; appeals, 210 hours.

Needs and Uses: These paperwork submissions are required by the Coastal Zone Management Act (CZMA), 16 U.S.C. 1456, and by NOAA to provide a reasonable, efficient and predictable means of complying with the CZMA requirements. The information will be used by coastal States with federally-approved Coastal Zone Management Programs to determine if Federal agency activities, Federal license or permit activities, and Federal assistance activities that affect a State's coastal zone are consistent with the States' programs.

Affected Public: State, local or tribal government; individuals or households; business or for-profit organizations.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Monthly Survey of Residential Alterations and Repairs.

Form Number(s): SORAR-705.

Agency Approval Number: 0607-0130.

Type of Request: Extension of a currently approved collection.

Burden: 5,100.

Number of Respondents: 1,700.

Avg Hours per Response: 15 minutes.

Needs and Uses: The U.S. Census Bureau requests an extension of the currently approved collection for the Monthly Survey of Residential Alterations and Repairs. The Census Bureau is responsible for preparing estimates of the expenditures for residential improvement and repairs. This segment of the construction industry amounted to more than \$198 billion in 2004. While the majority of the data are gathered from the Consumer Expenditure Survey (OMB number 1220-0050), a portion of the data (\$55 billion in 2004) are collected on the SORAR-705 form. This survey is mailed to a sample of owners of rental or vacant residential properties. Since residential improvement and repairs are a large and growing economic sector, any measure of the construction industry would be incomplete without the inclusion of these data.

The Census Bureau uses the information collected on Form SORAR-705 to publish improvement and repair expenditures for rental and vacant residential properties. Data on improvements and repairs to owner-occupied properties are collected in the Consumer Expenditure Survey. Combined published estimates are used by a variety of private businesses and trade associations for marketing studies, economic forecasts and assessments of
