SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51277/February 28, 2005]

Order Making Fiscal 2005 Mid-Year Adjustment to the Fee Rates Applicable Under Sections 31(b) and (c) of the Securities Exchange Act of 1934**I. Background**

Section 31 of the Securities Exchange Act of 1934 ("Exchange Act") requires each national securities exchange and national securities association to pay transaction fees to the Commission.¹ Specifically, Section 31(b) requires each national securities exchange to pay to the Commission fees based on the aggregate dollar amount of sales of certain securities transacted on the exchange.² Section 31(c) requires each national securities association to pay to the Commission fees based on the aggregate dollar amount of sales of certain securities transacted by or through any member of the association other than on an exchange.³

Sections 31(j)(1) and (3) require the Commission to make annual adjustments to the fee rates applicable under Sections 31(b) and (c) for each of the fiscal years 2003 through 2011, and one final adjustment to fix the fee rates for fiscal year 2012 and beyond.⁴ Section 31(j)(2) requires the Commission, in certain circumstances, to make a mid-year adjustment to the fee rates in fiscal 2002 through fiscal 2011.⁵ The annual and mid-year adjustments are designed to adjust the fee rates in a given fiscal year so that, when applied to the aggregate dollar volume of sales for the fiscal year, they are reasonably likely to produce total fee collections under Section 31 equal to the "target offsetting collection amount" specified in Section 31(l)(1) for that fiscal year.⁶ For fiscal 2005, the target offsetting collection amount is \$1,220,000,000.⁷

Congress established the target offsetting collection amounts in the Investor and Capital Markets Fee Relief Act ("Fee Relief Act") by applying reduced fee rates to the Congressional Budget Office's ("CBO") January 2001 projections of dollar volume for fiscal years 2002 through 2011.⁸ In any fiscal
