BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2006-24826; Airspace
Docket No. 06-ANM-3]

Establishment of Class E Airspace; Nucla, CO

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action will establish the Class E airspace at Nucla, CO. Additional Class E airspace is necessary to accommodate aircraft using a new Area Navigation (RNAV) Global Positioning System (GPS) Standard Instrument Approach Procedure (SIAP) at Hopkins Field. This will improve the safety of Instrument Flight Rules (IFR) aircraft executing the new RNAV GPS SIAP at Hopkins Field, Nucla, CO.

DATES: *Effective Date:* 0901 UTC, May 10, 2007. The Director of the Federal

Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Ed Haeseker, Federal Aviation Administration, Western Service Area, System Support, 1601 Lind Avenue, SW., Renton, WA, 98057; telephone (425) 917-6714.

SUPPLEMENTARY INFORMATION:

History

On October 20, 2006, the FAA published in the **Federal Register** a notice of proposed rulemaking to establish Class E airspace at Nucla, CO (71 FR 61922). This action would improve the safety of Instrument Flight Rules (IFR) aircraft executing this new RNAV GPS approach procedure at Hopkins Field, Nucla, CO. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9P dated September 1, 2006, and effective September 15, 2006, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in that Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by establishing Class E airspace at Nucla, CO. Additional controlled airspace is necessary to accommodate IFR aircraft executing a new RNAV (GPS) approach procedure at Hopkins Field, Nucla, CO.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

■ In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E. O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR part 71.1 of the Federal Aviation Administration Order 7400.9P, Airspace Designations and Reporting Points, dated September 1, 2006, and effective September 15, 2006, is amended as follows:

Paragraph 6005. Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANM CO E5 Nucla, CO [New]

Hopkins Field, CO

(Lat. 38°14'20" N., long. 108°33'48" W.)

That airspace extending upward from 700 feet above the surface within a 6.0-mile radius of Hopkins Field and within 4 miles each side of the 137° bearing to Hopkins Field extending from 6.0 miles northwest of Hopkins Field to the 6.0-mile radius; that airspace extending upward from 1,200 feet above the surface beginning at lat. 38°45'00" N., long. 109°00'00" W.; to lat. 38°30'00" N., long. 108°30'00" W.; to CONES VOR/DME; to DOVE CREEK VORTAC; to lat. 38°30'00" N., long. 109°10'00" W.; to point of beginning.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 95

[Docket No. 30538; Amdt. No. 466]

IFR Altitudes; Miscellaneous Amendments

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment adopts miscellaneous amendments to the

required IFR (instrument flight rules) altitudes and changeover points for certain Federal airways, jet routes, or direct routes for which a minimum or maximum en route authorized IFR altitude is prescribed. This regulatory action is needed because of changes occurring in the National Airspace System. These changes are designed to provide for the safe and efficient use of the navigable airspace under instrument conditions in the affected areas.

DATES: *Effective Date:* 0901 UTC, March 15, 2007.

FOR FURTHER INFORMATION CONTACT:

Donald P. Pate, Flight Procedure Standards Branch (AMCAFS-420), Flight Technologies and Programs Division, Flight Standards Service, Federal Aviation Administration, Mike Monroney Aeronautical Center, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 (Mail Address: P.O. Box 25082, Oklahoma City, OK 73125) telephone: (405) 954-4164.

SUPPLEMENTARY INFORMATION: This amendment to part 95 of the Federal Aviation Regulations (14 CFR part 95) amends, suspends, or revokes IFR altitudes governing the operation of all aircraft in flight over a specified route or any portion of that route, as well as the changeover points (COPs) for Federal airways, jet routes, or direct routes as prescribed in part 95.

The Rule

The specified IFR altitudes, when used in conjunction with the prescribed changeover points for those routes, ensure navigation aid coverage that is adequate for safe flight operations and free of frequency interference. The reasons and circumstances that create the need for this amendment involve matters of flight safety and operational efficiency in the National Airspace System, are related to published aeronautical charts that are essential to the user, and provide for the safe and efficient use of the navigable airspace. In addition, those various reasons or circumstances require making this amendment effective before the next scheduled charting and publication date of the flight information to assure its timely availability to the user. The effective date of this amendment reflects those considerations. In view of the close and immediate relationship between these regulatory changes and safety in air commerce, I find that notice and public procedure before adopting this amendment are impracticable and contrary to the public interest and that good cause exists for making the amendment effective in less than 30 days.

Conclusion

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are

necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation, as the anticipated impact is so minimal. For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Airspace, Navigation (air).

Issued in Washington, DC on February 15, 2007.

James J. Ballough,

Director, Flight Standards Service.

Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me by the Administrator, part 95 of the Federal Aviation Regulations (14 CFR part 95) is amended as follows effective at 0901 UTC, January 18, 2007.

■ 1. The authority citation for part 95 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40106, 40113, 40114, 40120, 44502, 44514, 44719, 44721.

■ 2. Part 95 is amended to read as follows:

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rules.

SUMMARY: The Commodity Futures Trading Commission (Commission or CFTC) has amended Regulation 4.41, which governs advertising by commodity pool operators (CPOs), commodity trading advisors (CTAs), and the principals thereof, (1) To restrict the use of testimonials, (2) to clarify the required placement of the prescribed simulated or hypothetical performance disclaimer, and (3) to include within the regulation's coverage advertisement through electronic media (Amendments). This action is in furtherance of the Commission's longstanding view that all advertisements by CPOs, CTAs, and their principals must not be fraudulent, deceptive or misleading.

EFFECTIVE DATE: March 26, 2007.

SUPPLEMENTARY INFORMATION:

I. Background

A. Regulation 4.41

Part 4 of the Commission's regulations governs the operations and activities of CPOs and CTAs.¹ In particular, Regulation 4.41 pertains to advertising by CPOs, CTAs, and the principals² thereof, an issue first addressed by the Commission over 25 years ago. The Commission originally proposed that CPOs, CTAs, and their principals could not advertise their actual past performance results in a format other than that which the CPO or CTA was required to use in its Disclosure Document,³ and that the presentation of simulated or hypothetical performance of a CPO, CTA, or the principals thereof would be prohibited.⁴ In response to the comments received and its further

deliberations on these proposals, the Commission adopted less restrictive advertising regulations.⁵

With respect to the presentation of actual past performance, the Commission explained that it had adopted in Regulation 4.41(a) "a rule that leaves to the discretion of the [CPO, CTA, or principal] advertising performance results—whether actual, simulated or hypothetical—the format of that presentation, so long as that format is not false, misleading or deceptive."⁶ With regard to the presentation of simulated or hypothetical performance results, the Commission explained that it had adopted in Regulation 4.41(b) "a rule that allows the presentation of those results, provided that the presentation is accompanied by the statement prescribed in the rule," whose purpose was "to alert prospective customers to the limitations inherent in simulated and hypothetical past performance

⁶ While acknowledging that it was not possible to identify every advertisement that was prohibited by new Regulation 4.41, the Commission nonetheless gave notice in the **Federal Register** release announcing the adoption of the rule that it would consider the following, non-exclusive list of advertisements, to be prohibited:

(1) References only to successful trades, if during the same time period, trades which were unsuccessful were also recommended or executed; (2) references to the results during a specific time period, if the results claimed were not fairly representative of results achieved for comparable periods; (3) suggestions, assurances or claims of profit potential that do not also fairly present the possibility of loss; (4) statements of opinions or predictions which are not clearly labeled as such or which have no reasonable basis in fact; and (5) failure to disclose whether, and to what extent, fees, commissions and other expenses are reflected in the past performance results. *Id.* at 26012.

¹ 17 CFR Part 4 (2006). The Commodity Exchange Act (Act), 7 U.S.C. 1 *et seq.* (2000), and the Commission's regulations issued thereunder may be accessed through the Commission's Web site, at <http://www.cftc.gov/cftc.cftclawreg.htm>.

² The definition of the term "principal" is set forth in Regulation 4.10(e)(1), which cross-references the definition of the term in Regulation 3.1(a). An example of a principal of a CPO organized as a corporation would be the corporation's chief executive officer.

³ Regulations 4.21 and 4.24-4.26 and 4.31 and 4.34-4.36 concern the Disclosure Document that registered CPOs and CTAs, respectively, must prepare, deliver, and file.
