SUPPLEMENTARY INFORMATION: This closure is necessary for the management of actions, activities, and safe public use on certain Federal lands which may have, or is having, adverse impacts on persons using said property. This closure notice will be in effect immediately. Increasing levels of use are creating conflict situations between different user groups. The identified land is currently being used for hiking, collecting, horseback riding, wildlife observation, seasonal hunting, off road riding, and discharge of firearms. Hikers, horseback riders, OHV riders, and other casual users can schedule their activities around published hunting seasons for personal safety but they are not able to avoid casual discharge of firearms. Existing landscape characteristics include moderate timber cover and rough badlands terrain which seriously reduces visibility and hence increases the safety concerns of recreation users with respect to those who visit the area for the discharge of firearms. To reduce this potential safety hazard, 2235 acres of public land within the area known as the Glendive Short Pine OHV Management Area will be closed to discharge of firearms. This area will remain open and available to hunting by licensed sportsmen during seasons administered by the Montana Department of Fish, Wildlife and Parks.

This closure only applies to those lands specifically identified in the summary section.

Closure: 1.0 Closure of certain public lands to discharge of firearms.

The following is prohibited: Discharge of firearms.

2.0 Exceptions:

This rule making does not apply to the hunting of lawful game by licensed sportsmen during seasons administered by the Montana Department of Fish, Wildlife and Parks. This rule making also does not apply to a small area designated as open to discharge of firearms.

The authority for this closure is found under section 303(a) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1733(a) and 43 CFR 9268.3(d)(1)(i) and 43 CFR 8364.1(a). Violations of this regulation are punishable by a fine in accordance with the Sentencing Reform Act of 1984 (18 U.S.C. 3551 *et seq.*) and/or imprisonment not to exceed 12 months for each offense.

Dated: February 4, 2005.

Field Manager, MCFO.
