

state agencies will accede to any particular request; and

6. Supporting documents including resumes, cooperative research agreements, and contracts.

M. Final Reports and Data Submission

NOAA will require project researchers to submit to NOAA, with a copy for the Council, an interim and/or final report describing their research project results, or other acceptable deliverable(s), in a timeframe that is specific to the type of research conducted. The format of the report may vary, but must contain:

1. A brief summary of the report;
2. A description of the issue/problem that was addressed;
3. A detailed description of methods of data collection and analyses;
4. A discussion of results and any relevant conclusions presented in a format that is understandable to a non-technical audience; this should include benefits and/or contributions to management decision-making;
5. A list of entities, firms, or organizations that actually performed the work and a description of how the work was accomplished; and
6. A detailed final accounting of all funds used to conduct research,

including generation of project income resulting from sale of research set-aside quota. The financial information must be submitted on Office of Management and Budget Standard Form-269. Copies of this Standard Form may be found on the Internet in a PDF version at <http://www.ofa.noaa.gov/grants/index.html> (Grants Management Forms). Projects designed to collect new data for inclusion in NMFS' or ACCSP's databases must submit the data in electronic format with appropriate documentation. Certain databases will have highly specific requirements as to required fields and content. Researchers must agree to provide newly collected data in a format acceptable to the administrators of the receiving databases.

N. Other Requirements

The Council staff will bear the primary responsibility for the evaluations of impacts associated with the research, including analysis of any requested regulatory waivers. However, researchers proposing research and/or compensation fishing that goes beyond the scope of analysis provided by the Council staff in the Council's annual specification packages shall be required to submit a Supplemental Environmental Assessment to obtain an EFP from NMFS. Should a researcher be required to submit a request for an EFP to NMFS such submission should be

received by NMFS at least 60 days before the requested start date of the proposed research to allow for additional review and analysis. A final decision on the applicant's grant request for research quota will not be made until NMFS has approved the applicant's EFP request.

O. Other Requirements of Recipients

The Department of Commerce Pre-Award Notification Requirements for Grants and Cooperative Agreements contained in the **Federal Register** notice of October 1, 2001 (66 FR 49917), are applicable to this solicitation. However, please note that the Department of Commerce will not implement the requirements of Executive Order 13202 (66 FR 49921), pursuant to guidance issued by the Office of Management and Budget in light of a court opinion which found that the Executive Order was not legally authorized. See *Building and Construction Trades Department v. Allbaugh*, 172 F. Supp. 2d 138 (D.D.C. 2001). This decision is currently on appeal. When the case is resolved, the Department will provide further information on implementation of Executive Order 13202.

P. Disposition of unsuccessful applications.

If an application is not selected, NOAA will return the proposal and related documents to the applicant.

Q. Other

Pursuant to Executive Orders 12876, 12900, and 13021, the Department of Commerce, NOAA (DOC/NOAA) is strongly committed to broadening the participation of Historically Black Colleges and Universities, Hispanic Serving Institutions, and Tribal Colleges and Universities in its educational and research programs. The DOC/NOAA vision, mission and goals are to achieve full participation by Minority Serving Institutions (MSIs) in order to advance the development of human potential, to strengthen the Nation's capacity to provide high-quality education, and to increase opportunities for MSIs to participate in, and benefit from, Federal financial assistance programs. DOC/NOAA encourages all applicants to include meaningful participation of MSIs.

DOC/NOAA supports cultural and gender diversity in our programs and encourages women and minority individuals and groups to submit applications.

DOC/NOAA encourages applications from members of the fishing community, and applications that

involve fishing community cooperation and participation.

Classification

Prior notice and opportunity for public comments are not required by the Administrative Procedure Act or any other law for this notice concerning grants, benefits, and contracts (5 U.S.C. 553(a)(2)).

Because a general notice of proposed rulemaking as specified in 5 U.S.C. 533, or any other law, was not required for this action, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., are not applicable.

Applications under this program are not subject to the provisions of Executive Order 12372, "Intergovernmental Review of Federal Programs."

This notice contains collection-of-information requirements subject to the Paperwork Reduction Act. The use of Standard Forms 269, 424, 424A, 424B, and SF-LLL have been approved by OMB under the respective control numbers 0348-0039, 0348-0043, 0348-0044, 0348-0040, and 0348-0046.

Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the Paperwork Reduction Act, unless that collection displays a currently valid OMB control number.

This action has been determined to be not significant for purposes of Executive Order 12866.

Dated: March 19, 2002.

Rebecca Lent,

Deputy Assistant Administrator for Regulations National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

National Sea Grant Review Panel

AGENCY: National Oceanic and Atmospheric Administration, Commerce.

ACTION: Notice of public meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of a forthcoming meeting of the Sea Grant Review Panel. The meeting will have several purposes. Panel members will discuss and provide advice on the National Sea Grant College Program in the areas of program evaluation,

education and extension, science and technology programs, and other matters as described below:

DATES: The announced meeting is scheduled during two days: Thursday, April 4, 2002, 9 a.m. to 5 p.m.; Friday, April 5, 2002 9 a.m. to 12:30 p.m.

ADDRESSES: National Oceanic and Atmospheric Administration, Silver Spring Metro Center III, 1315 East-West Highway, Room 4527, Silver Spring, Maryland 20910.

FOR FURTHER INFORMATION CONTACT: Dr. Ronald C. Baird, Director, National Sea Grant College Program, National Oceanic and Atmospheric Administration, 1315 East-West Highway, Room 11716, Silver Spring, Maryland 20910, (301) 713-2448.

SUPPLEMENTARY INFORMATION: The Panel, which consists of a balanced representation from academia, industry, state government and citizens groups, was established in 1976 by Section 209 of the Sea Grant Improvement Act (Public Law 94-461, 33 U.S.C. 1128). The Panel advises the Secretary of Commerce and the Director of the National Sea Grant College Program with respect to operations under the Act, and such other matters as the Secretary refers to them for review and advice. The agenda for the meeting is as follows:

Thursday, April 4, 2002

9:00 a.m.—Welcoming and Opening Formalities, Change of Panel Chairs, Election of Sea Grant Review Panel Officers, Approval of Last Meeting Minutes and Agenda, Introductory Remarks.
 9:20 a.m.—Executive Committee Report.
 9:45 a.m.—NSGO Director's Update.
 10:15 a.m.—Sea Grant Association Report.
 10:45 a.m.—Break.
 11:00 a.m.—Allocation Committee Report.
 12:00 noon—Working Lunch (Wisconsin Sea Grant Information Management System Demonstration).
 1:45 p.m.—Allocation Committee Report (continued).
 2:45 p.m.—Duce Committee Report Consideration.
 3:45 p.m.—Break.
 4:00 p.m.—Program Evaluation Implementation Report.
 4:15 p.m.—Best Management Practices.
 4:30 p.m.—Coastal States Organization Presentation.

Friday, April 5, 2002

9:00 a.m.—NOAA Update.
 9:30 a.m.—Congressional Update.
 10:30 a.m.—Break.
 10:45 a.m.—NSGO Update, Sea Grant Fisheries Extension, Communications

Update, Education Update, NOAA MSI/Environmental Entrepreneurship Program, Aquatic Nuisance Species, Maine and New Hampshire Sea Grant College, Status.

12:00 noon—Wrap-up.
 12:30 p.m.—Adjourn.

This meeting will be open to the public.

Louisa Koch,

Deputy Assistant Administrator, Office of Oceanic and Atmospheric Research.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 031902A]

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of an application for a research permit (1374).

SUMMARY: Notice is hereby given of the following actions regarding permits for takes of endangered and threatened species for the purposes of scientific research and/or enhancement under the Endangered Species Act (ESA): NMFS has received an application for a scientific research permit from Dr. Andrew J. Read of Duke University Marine Laboratory.

DATES: Comments or requests for a public hearing on any of the new applications or modification requests must be received at the appropriate address or fax number no later than 5 p.m. eastern standard time on April 24, 2002.

ADDRESSES: Written comments on the new application should be sent to the appropriate office as indicated below. Comments may also be sent via fax to the number indicated for the application. Comments will not be accepted if submitted via e-mail or the Internet. The application and related documents are available for review in the indicated office, by appointment: Permits, Conservation and Education Division, F/PR1, 1315 East West Highway, Silver Spring, MD 20910 (phone:301-713-2289, fax: 301-713-0376).

FOR FURTHER INFORMATION CONTACT: Lillian Becker, Silver Spring, MD (phone: 301-713-2319, fax: 301-713-0376, e-mail: Lillian.Becker@noaa.gov).

SUPPLEMENTARY INFORMATION:

Authority

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531-1543) (ESA), is based on a finding that such permits/modifications: (1) are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Scientific research and/or enhancement permits are issued under section 10(a)(1)(A) of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 222-226).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see ADDRESSES). The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

Species Covered in This Notice

The following species are covered in this notice:

Sea turtles

Threatened and endangered Green turtle (*Chelonia mydas*)

Endangered Kemp's ridley turtle (*Lepidochelys kempii*)

Threatened Loggerhead turtle (*Caretta caretta*)

Application 1374

The purpose of this research is to describe relationships between the movements of sea turtles and the fall gillnet flounder fishery as well as habitat use of loggerhead, green and Kemp's ridley sea turtles. Turtles will be collected in collaboration with the NMFS Beaufort Laboratory Turtle Research Team as part of their "Coastal North Carolina Demographic and Life History Studies" program under endangered species permit #1260. The turtles will be monitored via satellite telemetry. The applicant will monitor up to 30 loggerhead, 10 green and 10 Kemp's ridley sea turtles.
