#### Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Decennial Census Temporary, Intermittent Applicant Information Collection

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on December 6, 2024, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

*Agency:* U.S. Census Bureau, Department of Commerce.

*Title:* Decennial Census Temporary, Intermittent Applicant Information Collection.

*OMB Control Number:* 0607-XXXX.  
*Form Number(s):* None.

*Type of Request:* Regular submission, New Information Collection Request.

*Number of Respondents:* 11,970 job applicants, with an estimated 7,358 becoming job candidates.

*Average Hours per Response:* Job applicants = .61 hours and job candidates = .19 hours.

*Burden Hours:* 8,731.

*Needs and Uses:* The Census Bureau is implementing an electronic Decennial Census Temporary, Intermittent Applicant Information Collection to gather information from job seekers needed to fill temporary, intermittent Decennial Census Program positions, starting with the 2026 Census Test. Questions used to qualify and select applicants for positions are in the job application information section of the collection. This section collects Social Security numbers, date of birth, contact information, citizenship status, selective service and veterans' preference status and documentation, Federal employment/annuity status, access to transportation, hours of availability and related job experience. The supplemental voluntary applicant information section includes questions found on the Equal Employment Opportunity Commission's (EEOC's) common use form 3046-0046, Demographic Information on Applicants for Federal Employment, developed to support EEOC Management Directive 715. The voluntary questions also include recruiting sources and education questions to help improve future recruiting efforts.

This collection gathers basic information needed for all temporary, intermittent decennial positions, streamlining the application process for both the applicant and the Census Bureau, by allowing applicants to be considered for several positions with one set of application data. To further evaluate each applicant's fit for positions, as part of the Decennial Census Temporary, Intermittent Applicant Information Collection, applicants will answer position related assessment/test and self-response interview questions.

The Census Bureau discontinued a similar collection for the Current Surveys, Special Census, and Decennial Census Programs under OMB No. 0607-0139.

*Affected Public:* Persons interested in working on decennial census operations/activities.

*Frequency:* One response is needed from each interested applicant or candidate. If an applicant becomes a candidate for more than one position, one response is needed for each

position, any questions previously answered will just need verification.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13, U.S.C., Chapter 1, Subchapter II, Section 23(a) and 23(c); Title 5 U.S.C., Part II Chapter 13; Title 5, U.S.C., Part III, Subpart B, Chapter 33, Subchapter I; Executive Order 9397; Executive Order 10566; Section 501 of the Rehabilitation Act of 1973; Title 5 U.S.C. Part III, Subpart F, Chapter 72, Subchapter I, Section 7201; 29 CFR part 1607.4, Uniform Guidelines on Employee Selection Procedures.

This information collection request may be viewed at [www.reginfo.gov](http://www.reginfo.gov). Follow the instructions to view the Department of Commerce collections currently under review by OMB.

#### **Crystalline Silicon Photovoltaic Products, Whether or Not Assembled Into Modules, From the People's Republic of China: Final Results of Changed Circumstances Reviews, and Revocation of the Antidumping and Countervailing Duty Orders, in Part**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) is issuing the final results of changed circumstances review (CCR) of the antidumping duty (AD) and countervailing duty (CVD) orders on crystalline silicon photovoltaic products, whether or not assembled into modules (solar products), from the People's Republic of China (China) to revoke the order, in part, with respect to certain small, low-wattage, off-grid crystalline silicon photovoltaic (CSPV) cells.

**DATES:** Applicable July 24, 2025.

#### **FOR FURTHER INFORMATION CONTACT:**

Tyler O'Daniel, Office of Policy Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6030.

#### **SUPPLEMENTARY INFORMATION:**

## Background

On February 18, 2015, Commerce published the AD and CVD orders on solar products from China.<sup>1</sup> On August 28, 2024, Lutron, a domestic producer, importer and exporter of subject merchandise, requested that Commerce conduct changed circumstances reviews (CCRs) to find that it is appropriate to revoke the *Orders*, in part, with respect to certain small, low-wattage, off-grid CSPV cells, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b).<sup>2</sup> Lutron's CCR request included a letter from the American Alliance for Solar Manufacturing (the Alliance) (a coalition of domestic producers of solar cells), which stated that the Alliance did not oppose the partial revocation of the *Orders* proposed by Lutron.<sup>3</sup> On October 21, 2024, we published the notice of initiation of the requested CCRs.<sup>4</sup> In the *Initiation Notice*, we invited interested parties to provide comments and/or factual information regarding these CCRs, including comments on industry support and the proposed partial revocation language.<sup>5</sup> We received no comments or factual information.

On April 28, 2025, Commerce preliminarily found that producers accounting for substantially all of the domestic production of the products to which the *Orders* pertain lack interest in the relief provided by the *Orders* with respect to CSPV cells, and announced its intention to revoke, in part, the *Orders* with respect to these products.<sup>6</sup> Commerce provided interested parties with the opportunity to comment and request a public hearing regarding the *Preliminary Results*. Commerce did not receive any comments or a request for a hearing from interested parties. As a

<sup>2</sup> See Lutron's Letter, "Lutron Electronics Co., Inc.'s Request for Changed Circumstances Reviews and Request to Combine Initiation and Preliminary Results," dated August 28, 2024 (CCR Request).

<sup>3</sup> *Id.* at Exhibit 2 and 3.

<sup>4</sup> See *Crystalline Silicon Photovoltaic Products, Whether or Not Assembled into Modules, from the People's Republic of China: Notice of Initiation of Changed Circumstances Reviews, and Consideration of Revocation of the Antidumping and Countervailing Duty Orders, in Part*, 89 FR 84120 (October 21, 2024) (*Initiation Notice*).

<sup>6</sup> See *Crystalline Silicon Photovoltaic Products, Whether or Not Assembled Into Modules, From the People's Republic of China: Preliminary Results of Changed Circumstances Reviews, and Intent To Revoke the Antidumping and Countervailing Duty Orders, in Part*, 90 FR 17565 (April 28, 2025) (*Preliminary Results*).

result, the *Preliminary Results* are hereby adopted as the final results of this CCR and no decision memoranda accompany this notice.

## **Final Results of Changed Circumstances Reviews and Revocation of the Orders, in Part**

In light of Lutron's request, and domestic interested parties' lack of interest in maintaining the *Orders* with respect to the products under consideration, Commerce continues to find, pursuant to sections 751(d)(1) and 782(h)(2) of the Act and 19 CFR 351.222(g), that changed circumstances exist that warrant revocation of the *Orders*, in part. No interested party opposed this partial revocation. Moreover, no parties provided other information or evidence that calls into question the partial revocation described in the *Preliminary Results*.

Specifically, because producers accounting for substantially all the production of the domestic like product to which the *Orders* pertain have not expressed interest in maintaining the relief provided by the *Orders* with respect to CSPV cells, as described below, Commerce is revoking the *Orders*, in part, with respect to CSPV cells with the following physical characteristics:

Also excluded from the scope of these *Orders* are off-grid CSPV panels in rigid form, with or without a glass cover, permanently attached to an aluminum extrusion that is an integral component of an automation device that controls natural light, whether or not assembled into a fully completed automation device that controls natural light, with the following characteristics:

1. A total power output of 20 watts or less per panel;
2. A maximum surface area of 1,000 cm<sup>2</sup> per panel;
3. Does not include a built-in inverter for powering third party devices.<sup>7</sup>

The scope description below includes this new exclusion.

## **Scope of the Orders**

The merchandise covered by these *Orders* is modules, laminates and/or panels consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including building integrated materials. For purposes of these *Orders*, subject merchandise includes modules, laminates and/or panels assembled in China consisting of crystalline silicon photovoltaic cells produced in a customs territory other than China.

Subject merchandise includes modules, laminates and/or panels assembled in China consisting of
