The BLM Colorado State Director will review any inconsistencies with State plans, policies, or programs raised by the Governor and accept or reject recommendations proposed to resolve the inconsistencies. Third, the notification of the Proposed RMP amendment, EA, and signed FONSI will also begin a separate, concurrent 30-day protest period subject to MS2711.4(d) on the land-sale decision. The BLM Colorado State Director will review all protests and may sustain, vacate, or modify the RMP amendment and land sale, in whole or in part. In the absence of any protests, the BLM will develop the approved RMP amendment and Decision Record which will document the final determination of the Department of the Interior for the land sale.

In addition to publication in the **Federal Register**, the BLM will publish this notice in the Rio Blanco Herald Times newspaper once a week for 3 consecutive weeks. Any other subsequent notices related to the RMP amendment and land sale may also be published in the Rio Blanco Herald newspaper.

**TUV Rheinland of North America, Inc.:
Grant of Expansion of Recognition**

AGENCY: Occupational Safety and Health

announces the final decision to expand
the scope of recognition for TUV

Nationally Recognized Testing
Laboratory (NRTL).

December 29, 2021.

SUPPLEMENTARY INFORMATION:**I. Notice of Final Decision**

OSHA hereby gives notice of the
expansion of the scope of recognition of
TUV Rheinland of North America, Inc.
(TUVRNA), as a NRTL. TUVRNA's
expansion covers the addition of one
test standard to the NRTL scope of
recognition.

OSHA recognition of a NRTL signifies
that the organization meets the
requirements specified in 29 CFR
1910.7. Recognition is an
acknowledgment that the organization
can perform independent safety testing
and certification of the specific products
covered within the scope of recognition.
Each NRTL's scope of recognition
includes (1) the type of products the
NRTL may test, with each type specified
by the applicable test standard and (2)
the recognized site(s) that has/have the
technical capability to perform the
product-testing and product-
certification activities for test standards
within the NRTL's scope. Recognition is
not a delegation or grant of government
authority; however, recognition enables
employers to use products approved by
the NRTL to meet OSHA standards that
require product testing and certification.

The agency processes applications by
NRTLs or applicant organizations for
initial recognition, as well as for
expansion or renewal of recognition,
following requirements in Appendix A
to 29 CFR 1910.7. This appendix
requires that the agency publish two
notices in the **Federal Register** in
processing an application. In the first
notice, OSHA announces the
application and provides the
preliminary finding. In the second
notice, the agency provides the final
decision on the application. These
notices set forth the NRTL's scope of
recognition or modifications of that
scope. OSHA maintains an

informational web page for each NRTL,
including TUVRNA, which details that
NRTL's scope of recognition. These
pages are available from the OSHA
website at [http://www.osha.gov/dts/
otpc/nrtl/index.html](http://www.osha.gov/dts/otpc/nrtl/index.html).

TUVRNA submitted an application,
dated May 14, 2019 (OSHA-2007-0042-
0055), to expand recognition to include
the addition of one test standard. OSHA
staff performed a detailed analysis of the
application packet and reviewed other
pertinent information. OSHA did not
perform any on-site reviews in relation
to this application.

OSHA published the preliminary
notice announcing TUVRNA's
expansion applications in the **Federal
Register** on November 1, 2021 (86 FR
60296). The agency requested comments
by November 16, 2021, but it received
no comments in response to this notice.
OSHA now is proceeding with this final
notice to grant expansion of TUVRNA's
scope of recognition.

To review copies of all public
documents pertaining to TUVRNA's
application, go to www.regulations.gov
or contact the Docket Office,
Occupational Safety and Health
Administration, U.S. Department of
Labor at (202) 693-2350. Docket No.
OSHA-2007-0042 contains all materials
in the record concerning TUVRNA's
recognition. Please note: Due to the
COVID-19 pandemic, the Docket Office
is closed to the public at this time but
can be contacted at (202) 693-2350,
TTY (877) 889-5627.

II. Final Decision and Order

OSHA staff examined TUVRNA's
expansion application, their capability
to meet the requirements of the test
standard, and other pertinent
information. Based on its review of this
evidence, OSHA finds that TUVRNA
meets the requirements of 29 CFR
1910.7 for expansion of its recognition,
subject to the limitations and conditions
listed below. OSHA, therefore, is
proceeding with this final notice to
grant TUVRNA's scope of recognition.
OSHA limits the expansion of
TUVRNA's recognition to testing and
certification of products for
demonstration of conformance to the
test standard shown below in Table 1.
