

This information collection is mandatory under 40 CFR part 169. It is used by the Agency to determine compliance with FIFRA. The information is used by EPA Regional pesticide enforcement and compliance staffs, the Office of Enforcement and Compliance Assurance (OECA), and the Office of Pesticide Programs (OPP) within the Office of Chemical Safety and Pollution Prevention (OCSPP), as well as the U.S. Department of Agriculture (USDA), the Food and Drug Administration (FDA), and other Federal agencies, States under Cooperative Enforcement Agreements, and the public. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Form numbers: None.

Respondents/affected entities: Producers of pesticides and pesticide devices for sale or distribution in or exported to the United States.

Respondent's obligation to respond: Mandatory (40 CFR part 169).

Estimated number of respondents: 19,027 (total).

Frequency of response: Annual.

Total estimated burden: 15,078 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$372,721 (per year). There are no annualized capital or O&M costs associated with this ICR since all equipment associated with this ICR is present as part of ordinary business practices.

Changes in estimates: There is a decrease of 42,054 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease of 42,054 hours is a result of our reassessment of the assumptions used to estimate the burden of this ICR. Adjustments resulted from corrections of clerical or computational errors in the previous ICR renewal supporting statement. Further adjustments to the burden estimates resulted from (1) adjustments in the salary computation for industry to reflect current wage scales, (2) adjustments for inflation, and (3) adjustment to the number of respondents.

Elizabeth Vizard,

Acting Director, Office of Compliance/ MAMPD.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10152-01-R10]

Proposed Reissuance of NPDES General Permit for Federal Aquaculture Facilities and Aquaculture Facilities Located in Indian Country in Washington (WAG130000)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed reissuance of NPDES General Permit and request for public comment.

SUMMARY: The Director of the Water Division, Environmental Protection Agency (EPA) Region 10, proposes to reissue the National Pollutant Discharge Elimination System (NPDES) General Permit for Federal Aquaculture Facilities and Aquaculture Facilities Located in Indian Country in Washington (draft general permit). As proposed, eligible facilities include Concentrated Aquatic Animal Production (CAAP) facilities, non-CAAP facilities, aquaculture research facilities, and dam fish passage facilities. Currently, there are 32 facilities covered under the existing administratively continued general permit. Existing aquaculture facilities may request authorization to discharge under the general permit by submitting a Notice of Intent (NOI) no more than ninety (90) days following the effective date of the draft general permit. New facilities that begin operations after the effective date of the draft general permit must submit a NOI at least 180 days prior to initiation of operations. Upon receipt, EPA will review the NOI to ensure that all permit requirements are met. If determined appropriate by EPA, a discharger will be granted coverage under the general permit upon the date that EPA provides written notification. EPA is accepting public comments on the draft general permit.

DATES: Comments must be received by November 7, 2022.

ADDRESSES: Comments and requests regarding the draft general permit must be submitted to epar10wd-npdes@epa.gov with the subject line: Public Comments on WAG130000.

FOR FURTHER INFORMATION CONTACT: Permit documents may be found on the EPA Region 10 website at: <https://www.epa.gov/npdes-permits/npdes-general-permit-federal-aquaculture-facilities-and-aquaculture-facilities-located>.

Copies of the draft general permit and fact sheet are also available upon request. Requests may be made to

Audrey Washington at (206) 553-0523. Requests may also be electronically mailed to: washington.audrey@epa.gov. **SUPPLEMENTARY INFORMATION:** Please see the draft general permit and fact sheet.

Other Legal Requirements

This action is not a significant regulatory action and was therefore not submitted to the Office of Management and Budget (OMB) for review.

In accordance with National Environmental Policy Act (NEPA), an Environmental Assessment (EA) and associated Finding of No Significant Impact (FONSI) for a proposed facility at Cassimer Bar that would be covered under this general permit are available for review and comment along with this general permit.

Compliance with Endangered Species Act, Essential Fish Habitat, Paperwork Reduction Act, and other requirements are discussed in the fact sheet to the proposed permit.

Daniel D. Opalski,

Director, Water Division, Region 10.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0649, OMB 3060-0980, OMB 3060-1065; FR ID 103257]

Information Collections Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated
