Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301)-443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Pilot Study of African American Women on Health Care Attitudes and Behaviors—NEW

The Office of Minority and Women's Health (OMWH) in the Bureau of

Primary Health Care (BPHC), Health Resources and Services Administration (HRSA) awarded funding for a pilot study which will develop information about the design of a sample appropriate to determine the health status, behaviors, and health service perceptions of African American women who are: (1) College educated, and (2) low income, non-college educated. The pilot study will be used to evaluate the interview instrument and to discover the practical issues and feasibility of sampling low income African American women from the databases of community health centers in three test locations. The goal is to assess the instrument, the sample sources, the procedures, and the response rates and to determine the extent to which data can be collected in a systematic and comprehensive manner. The pilot study is the first step in a much larger nationwide effort to build a significant data set containing detailed information on health status, health indicators, and health behaviors of African American women.

The burden estimate for the pilot study is as follows:

Respondent	Number of respondents	Responses per respondent	Total responses	Hours per response	Total hour burden
College educated	60	1	60	30 minutes	30
Non-college educated	180	1	180	30 minutes	90
Total	240		240		120

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Wendy A. Taylor, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, D.C. 20503.

Dated: February 28, 2000.

Jane Harrison,

Director, Division of Policy Review and Coordination.

Proposed Collection; Comment Request; Request for Generic Clearance To Collect Customer Survey Data Pertaining to NIH Internet Sites

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Proposed Collection

Title: Request for Generic Clearance to Collect Customer Survey Data Pertaining to NIH Internet Sites. **Type of Information Collection Request:** NEW. **Need and Use of Information Collection:** Executive Order 12862 directs agencies that provide significant services directly

to the public to survey customers to determine the kind and quality of services they want and their level of satisfaction with existing services. With this submission, the NIH, Office of Communications and Public Liaison, seeks to obtain OMB's generic approval to conduct customer satisfaction surveys. Since the late 1980's, the NIH has seized the opportunity to disseminate information and materials via the Internet. Today, rapid technological changes of the WWW warrant on-going constituent and resource analysis. With survey information, the NIH is enabled to serve, and respond to, the ever-changing demand by the public. The "public" includes individuals (such as patients, educators, students, etc.) and interested communities (such as national or local organizations/institutions) and business. Survey information will augment current Web content, delivery, and design research which is used to understand the Web user, and more specifically, the NIH user community. Primary objectives are to (1) classify

NIH Internet users; (2) summarize and better understand customer needs; and (3) quantify the effectiveness/efficiency of current tools and delivery. Overall, the Institutes, Centers, and Offices of the NIH will use the survey results to identify strengths and weaknesses in current Internet strategies. Findings will help to (1) understand user community and how to better serve Internet users; (2) discover areas requiring improvement in either content or delivery; (3) realize how to align Web

offerings with identified user need(s); and (4) explore methods to offer and deliver information with efficacy and equity. *Frequency of Response:* Annual [As needed on an on-going and, possibly, concurrent basis (by Institute, Center, or Office)]. *Affected Public:* Users of the Internet. Primarily, this is an individual at their place(s) of access including, but not limited to, home or/and work environments. *Type of Respondents:* Public users of the NIH Internet site, *www.nih.gov*, which may

include organizations, medical researchers, physicians and other health care providers, librarians, students, as well as individuals of the general public. *Estimated Number of Respondents:* 104,000. *Number of Respondents Per Respondent:* 1. *Average Burden Hours Per Response:* 0.084. *Burden Hours Requested:* 8,684. Total annualized cost to respondents is estimated at \$116,105. There are also no capital costs, operating costs and/or maintenance costs to report.

SURVEY TITLE: WEB CUSTOMER SATISFACTION SURVEY—ANNUAL REPORTING BURDEN*

[Web-based; Required for Federal Register requests under PRA, Paperwork Reduction Act.]

Survey area	Number of respondents	Frequency of response	Avg. Burden per response (hours)	Burden hours
NIH Organization-wide (1 entity)	4000			334
Overall customer satisfaction	2000	1	0.1002	200
Specific indicator: Top-level/Entry pages	1000	1	0.0668	67
Specific indicator: Tools and initiatives	1000	1	0.0668	67
Individual Institute/Office (25 entities)	100000			8350
Overall customer satisfaction	50000	1	0.1002	5010
Specific indicator: Top-level/Entry pages	25000	1	0.0668	1670
Specific indicator: Tools and initiatives	25000	1	0.0668	1670
Total	104000		0.084	8684

*Survey research firm, MediaMetrics, indicated 1,264,000 unique visitors to NIH sites in Dec, 1999. If fully implemented, an average month would survey 8,600 users (less than 0.007 of total average unique visitors to NIH sites).

Request for Comments

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: To request additional information on the proposed collection of information contact: Dennis Rodrigues, NIH Office of Communications and Public Liaison, 9000 Rockville Pike, Bldg. 31, Rm. 2B03, Bethesda, Maryland 20892-2094, or call non toll-free at (301) 435-2932. You may also e-mail your request to dr3p@nih.gov.

Comments Due Date: Comments regarding this information collection are best assured of having their full effect if received on or before May 5, 2000.

Dated: February 23, 2000.

Anne Thomas,

Assoc. Director, Office of Communications and Public Liaison National Institutes of Health.

National Center for Research Resources; Notice of Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meetings.

The meetings will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Center for Research Resources Initial Review Group, Research Centers In Minority Institutions Review Committee.

Date: June 12-13, 2000.

Open: June 12, 2000, 8 AM to 10 AM.

Agenda: To discuss program planning and program accomplishments.

Place: Gaithersburg Marriott, Washingtonian Center, 9751 Washingtonian Boulevard, Gaithersburg, MD 20878.

Closed: June 12, 2000, 10:00 AM to Adjournment.

Agenda: To review and evaluate grant applications.

Place: Gaithersburg Marriott, Washingtonian Center, 9751 Washingtonian Boulevard, Gaithersburg, MD 20878.

Contact Person: C. William Angus, Scientific Review Administrator, Office of Review, National Center for Research Resources, 6705 Rockledge Drive, MSC 7965, Room 6018, Bethesda, MD 20892-7965, 301-435-0812.
