Semiannual Regulatory Agenda

DEPARTMENT OF DEFENSE**32 CFR Chs. I, V, VI, and VII****33 CFR Ch. II****36 CFR Ch. III****48 CFR Ch. II****Improving Government Regulations;
Unified Agenda of Federal Regulatory
and Deregulatory Actions****AGENCY:** Department of Defense (DoD).**ACTION:** Semiannual regulatory agenda.

SUMMARY: The Department of Defense (DoD) is publishing this semiannual agenda of regulatory documents, including those that are procurement-related, for public information and comments under Executive Order 12866 "Regulatory Planning and Review." This agenda incorporates the objective and criteria, when applicable, of the regulatory reform program under the Executive Order and other regulatory guidance. It contains DoD regulations initiated by DoD components that may have economic and environmental impact on State, local, or tribal interests under the criteria of Executive Order 12866. Although most DoD regulations listed in the agenda are of limited public impact, their nature may be of public interest and, therefore, are published to provide notice of rulemaking and an opportunity for public participation in the internal DoD rulemaking process. Members of the public may submit comments on individual proposed and interim final rulemakings at www.regulations.gov during the comment period that follows publication in the **Federal Register**.

This agenda updates the report published on June 18, 2015, and includes regulations expected to be issued and under review over the next 12 months. The next agenda is scheduled to be published in the spring of 2016. In addition to this agenda, DoD components also publish rulemakings pertaining to their specific statutory administration requirements as required.

The complete Unified Agenda will be available online at www.reginfo.gov.

Because publication in the **Federal Register** is mandated for the regulatory flexibility agendas required by the Regulatory Flexibility Act (5 U.S.C. 602), the Department of Defense's printed agenda entries include only:

(1) Rules that are in the Agency's regulatory flexibility agenda, in accordance with the Regulatory Flexibility Act, because they are likely

to have a significant economic impact on a substantial number of small entities; and

(2) any rules that the Agency has identified for periodic review under section 610 of the Regulatory Flexibility Act.

Printing of these entries is limited to fields that contain information required by the Regulatory Flexibility Act's agenda requirements. Additional information on these entries is in the Unified Agenda available online.

SUPPLEMENTARY INFORMATION: This edition of the Unified Agenda of Federal Regulatory and Deregulatory Actions is composed of the regulatory status reports, including procurement-related regulatory status reports, from the Office of the Secretary of Defense (OSD) and the Departments of the Army and Navy. Included also is the regulatory status report from the U.S. Army Corps of Engineers, whose civil works functions fall under the reporting requirements of Executive Order 12866 and involve water resource projects and regulation of activities in waters of the United States.

In addition, this agenda, although published under the reporting requirements of Executive Order 12866, continues to be the DoD single-source reporting vehicle, which identifies regulations that are currently applicable under the various regulatory reform programs in progress. Therefore, DoD components will identify those rules which come under the criteria of the:

- a. Regulatory Flexibility Act;
- b. Paperwork Reduction Act of 1995;
- c. Unfunded Mandates Reform Act of 1995.

Those DoD regulations, which are directly applicable under these statutes, will be identified in the agenda and their action status indicated. Generally, the regulatory status reports in this agenda will contain five sections: (1) Prerule stage; (2) proposed rule stage; (3) final rule stage; (4) completed actions; and (5) long-term actions. Where certain regulatory actions indicate that small entities are affected, the effect on these

entities may not necessarily have significant economic impact on a substantial number of these entities as defined in the Regulatory Flexibility Act (5 U.S.C. 601(6)).

Although not a regulatory agency, DoD will continue to participate in regulatory initiatives designed to reduce economic costs and unnecessary burdens upon the public. Comments and recommendations are invited on the rules reported and should be addressed to the DoD component representatives identified in the regulatory status

reports. Although sensitive to the needs of the public, as well as regulatory reform, DoD reserves the right to exercise the exemptions and flexibility permitted in its rulemaking process in order to proceed with its overall defense-oriented mission. The publishing of this agenda does not waive the applicability of the military affairs exemption in section 553 of title 5 U.S.C. and section 3 of Executive Order 12866. Executive Order 13563 recognizes the importance of

maintaining a consistent culture of retrospective review and analysis throughout the executive branch. DoD's retrospective review plan is intended to identify certain significant rules that are obsolete, unnecessary, unjustified, excessively burdensome, or counterproductive and can be accessed at: <http://www.regulations.gov/#!docketDetail;D=DOD-2011-OS-0036>.
