Farm Service Agency

Title: 7 CFR 764, Direct Loan Making.

OMB Control Number: 0560–0237.

Summary of Collection: The Farm Loan Program (FLP) in the Farm Service Agency (FSA) provides loans to family farmers to purchase real estate and equipment and finance agricultural production. The regulation as specified in 7 CFR 764 covered by this collection describes the policies and procedures the agency uses to provide supervised credit to FLP applicants requesting direct loan assistance in accordance with the provisions of the Consolidated Farm and Rural Development Act (CONTACT) (Pub. L. 87–128), as amended. Direct loan making information collection requirements include financial and production records of the operation, as well as information necessary to obtain liens on collateral, provide evidence of the indebtedness, and ensure repayment of the loan. FSA will use several forms and non-forms to collect the information.

Need and Use of the Information: Information is submitted by the applicants to the local agency office serving the county in which their business is headquartered. The information is necessary to thoroughly evaluate the applicant's request for a direct loan and is used by agency officials to: (1) Ensure that cash flow projections used in determining loan repayment are based on the actual production history of the operation, (2) Ensure that a loan is adequately secured; (3) Ensure the applicant meets the statutorily established program eligibility requirements; and (4) Obtain assignment on income or sales proceeds, when appropriate, to ensure timely repayment of the loans.

Since the agency is mandated to provide supervised credit, failure to collect the information, or collecting it less frequently, could result in the failure of the farm operation or loss of agency security property.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 184,871.

Frequency of Responses: Reporting: On occasion; Annually.

Total Burden Hours: 285,272.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Food and Nutrition Service

Title: Summer Food Site Locations for State Agencies.

OMB Control Number: 0584–0649.

Summary of Collection: Section 13 of the Richard B. Russell National School Lunch Act (NSLA) authorizes the Summer Food Service Program (SFSP) and the National School Lunch Program Seamless Summer Option (SSO) to provide low-income children with access to nutritious meals when school is not in session. Meals meeting Federal nutrition guidelines are served at no cost to all children 18 years old and under at approved SFSP and SSO sites in areas in which at least 50 percent of children are eligible for free and reduced price school meals during the school year. SFSP and SSO sites operate, by design, for a short period during the summer and their locations, hours and days of operations may not be well known to those children who depend on school lunch during the school year. The FNS–905 Summer Food Site Locator will collect this information and make it available to the public. For this revision, the responses and burden hours have increased due to an adjustment in the number of responses submitted per respondent. In addition, \$1,713 that was mistakenly reported as part of the annualized respondent capital, start-up, operational, and maintenance costs in the last submission have been removed and are no longer being reported as burden costs.

Need and Use of the Information: This is an ongoing, voluntary information collection which is used by FNS to update the USDA National Hunger Clearinghouse, which is mandated under Section 26 of the NSLA. FNS collects information about

the summer meal sites from State agencies using FNS-905. This form collects the site name, location, and operating details about the summer meal sites, such as dates and times of site operation. This data is then used to populate the USDA National Hunger Clearinghouse. The National Hunger Clearinghouse collects, develops, and distributes information and resources to help build the capacity of emergency food providers to address the immediate needs of struggling families and individuals while promoting self-reliance and access to healthy food. FNS also uses this information to increase participation in FNS nutrition programs through the development, coordination, and evaluation of strategic initiatives, partnerships, and outreach activities.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 53.

Frequency of Responses: Reporting: 11 responses in summer.

Total Burden Hours: 73.

DEPARTMENT OF COMMERCE

Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Survey of State Government Research and Development

AGENCY: Census Bureau, Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act (PRA) of 1995, invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment on the proposed extension of the Survey of State Government Research and Development, prior to the submission of the information collection request (ICR) to OMB for approval.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before December 30, 2022.

ADDRESSES: Interested persons are invited to submit written comments by email to Thomas.J.Smith@census.gov. Please reference Survey of State Government Research and Development in the subject line of your comments. You may also submit comments, identified by Docket Number USBC-2022-0021, to the Federal e-Rulemaking Portal: <http://www.regulations.gov>. All comments received are part of the public record. No comments will be posted to <http://www.regulations.gov> for public viewing until after the comment period has closed. Comments will generally be posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information. You may submit attachments to electronic comments in Microsoft Word, Excel, or Adobe PDF file formats.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Michael Flaherty, Chief Research, Development & Innovation Surveys Branch, 301-763-7699, Michael.J.Flaherty@census.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the Survey of State Government Research and Development (SGRD) to measure research and development performed and funded by state government agencies in the United States. The Census Bureau conducts the survey on behalf of the National Center for Science and Engineering Statistics (NCSES) within the National Science Foundation.

The National Science Foundation Act of 1950, as amended, includes a statutory charge to "provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources and to provide a source of information for policy formulation by other agencies in the Federal Government." This mandate was further codified in the America COMPETES Reauthorization Act of 2010 section 505, which requires NCSES to "collect, acquire, analyze, report, and disseminate . . . statistical data on (A) research and development trends . . ." Under the aegis of these legislative mandates, NCSES has sponsored
