[Docket No. CP19-491-000]

#### National Fuel Gas Supply Corporation; Notice of Request for Extension of Time

Take notice that on June 2, 2022, National Fuel Gas Supply Corporation (National Fuel) requested that the Federal Energy Regulatory Commission (Commission) grant an extension of time, until December 31, 2022, to abandon certain facilities authorized in the Order Issuing Certificates and Authorizing Abandonment issued on July 17, 2020 (Certificate Order).<sup>1</sup> The Certificate Order authorized Transcontinental Gas Pipe Line Company, LLC's Leidy South Project in Docket No. CP19-494-000 and National Fuel's FM100 Project in the instant docket. The Commission's February 22, 2021 Notice to Proceed with Construction granted National Fuel's request to commence construction activities for the FM100 Project but did not grant authority to commence abandonment activities. National Fuel states that it has completed the pipeline construction activities and went into service on December 1, 2021. National Fuel requested a notice to proceed with abandonment activities on May 4, 2022, which was granted by the Commission on May 9, 2022. Ordering Paragraph (E)(1) of the Certificate Order required National Fuel to install and abandon its facilities for the FM100 Project by July 17, 2022.

National Fuel states that abandonment consists of the following activities: (a) abandonment of approximately 44.9 miles of Line FM100; (b) abandonment of Station WHP-MS-4317X; and (c) abandonment of the Costello Compressor Station. National Fuel avers that of the 44.9 miles planned for abandonment, approximately 30.2 miles traverse Pennsylvania Department of Conservation and Natural Resources (DCNR) owned land including the Moshannon, Elk, and Susquehannock State Forests. National Fuel asserts that it has worked diligently to complete the FM100 Project but in order to accommodate DCNR's construction timing restrictions, National Fuel has delayed the start of abandonment activities until June 2022 to minimize impacts to DCNR public-use roadways and to avoid hunting seasons.
