

no more than 90 days after the end of each budget period.

5. Provide CDC with your final financial and performance reports (original and two copies), no more than 90 days after the end of the five-year project period.

6. Submit any newly developed public information resources and materials to the CDC National Prevention Information Network (formerly the AIDS Information Clearinghouse) so that they can be incorporated into the current database for access by other organizations and agencies.

Submit hard copies of materials to: CDC National Prevention Information Network, Attention Database Services, PO Box 6003, Rockville, MD 20849-6003; or submit electronic copies of materials by email to: info@cdcnpin.org; Subject: Database Services, For more information call: 1-800-458-5231.

7. HIV Content Review Guidelines

a. Submit completed Assurance of Compliance with the Requirements for Contents of AIDS-Related Written Materials Form (CDC form-0.1113) with your application. This form, which lists the members of your program review panel, can be downloaded from the CDC Web site: <http://www.cdc.gov/od/pgo/forminfo.htm>. The Program Director and authorized business/fiscal official must sign this form. In addition, you must certify that your program review panel represents a reasonable cross-section of the community in which the program is based.

b. You must also include with your application documentation of approval/disapproval by your program review panel of any HIV educational materials that you are currently using. Use the form, Report of Approval/Disapproval for this purpose. This form is attached to this announcement as posted on the CDC Web site. If you have previously sent this information to CDC, it is not necessary to send it again. If you have nothing to submit, you must complete the enclosed form, No Report Necessary. Either the Report of Approval/Disapproval or No Report Necessary must be included with your application, all progress reports, and all continuation requests. In addition to using the Report of Approval/Disapproval, you must certify that accountable jurisdictional health officials independently review the federally-funded HIV prevention materials for compliance with Section 2500 of the Public Health Service Act, and approve the use of such materials in their jurisdiction for directly and indirectly funded organizations.

c. Ensure that a Web page notice be used for those grantees whose Web sites contain HIV/AIDS educational information subject to the CDC content review guidelines. Contact your project officer for a copy of this guidance.

8. Address your organization's compliance with CDC policies for securing approval for CDC sponsorship of conferences. If you plan to hold a conference, you must send a copy of the agenda to CDC's Procurement and Grants Office.

9. If you plan to use materials using CDC's name, send a copy of the proposed material to CDC's Procurement and Grants Office for approval.

Note: Send all reports (except for items 1 and 6) to the Grants Management Specialist identified in the "Agency Contacts" section of this announcement.

VII. Agency Contacts

National Organization Strategies for the Prevention, Early Detection and Control of Chronic Disease by Chief Elected Officials of Cities

Announcement Type: New.

Funding Opportunity Number: 04072.

Catalog of Federal Domestic

Assistance Number: 93.283.

Key Dates: Application Deadline: February 13, 2004.

I. Funding Opportunity Description

Authority: This program is authorized under section 301(a) of the Public Health Service Act, (42 U.S.C. 241(a)).

Purpose: The purpose of the program is to support a national organization in the development and implementation of educational initiatives that can be used by chief elected officials in applying effective strategies to prevent and control cancer and other chronic diseases, chronic disease risk factors, and chronic disease health disparities in their cities. This program addresses the “Healthy People 2010” focus areas of: Tobacco Use; Physical Activity and Fitness; Nutrition and Overweight; Public Health Infrastructure; Oral Health; Arthritis; Osteoporosis and Chronic Back Conditions; Educational and Community-Based Programs; Adolescent and School Health; Cancer; Diabetes; Disability and Secondary Condition; Health Communication; Heart Disease and Stroke; Maternal; Infant and Child Health; Substance Abuse. To accomplish the purpose of this program announcement, components of the project are to be addressed as indicated in section “IV.2. Content and Form of Submission” of this program announcement.

Measurable outcomes of the program will be in alignment with one (or more) of the following performance goals for the National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP):

- Promote health and reduce chronic disease associated with diet and weight.
- Improve health, fitness and quality of life through daily physical activity.
- Reduce illness, disability, and death related to tobacco use and exposure to secondhand smoke.
- Increase the proportion of women aged 40 years and older who have received a mammogram within the preceding two years.
- Increase the proportion of adults who receive a colorectal cancer screening examination.
- Increase the proportion of women who receive a Pap test.
- Increase the proportion of cancer survivors who are living 5 years or longer after diagnosis.
- Improve cardiovascular health and quality of life through the prevention, detection, and treatment of risk factors; early identification and treatment of heart attacks and strokes; and prevention of recurrent cardiovascular events.
- Through prevention programs, reduce the disease and economic

burden of diabetes, and improve the quality of life for all persons who have or are at risk for diabetes.

- To support the missions of other chronic disease prevention and control programs at the National Center for Chronic Disease Prevention and Health Promotion.

Activities:

Awardee activities for this program are as follows:

a. Develop educational initiatives and provide an informational forum on cancer and other chronic disease prevention and health promotion issues in local communities. This activity may include a diversity of media such as printed materials, websites, and conferences.

b. Provide constituents with accurate, comprehensive and timely information on cancer and other chronic disease prevention and health promotion and control issues to encourage the formulation of educational programming.

c. Participate in CDC-sponsored meetings and events, as appropriate.

d. Coordinate activities with the National Association of County and City Health Officers, and local organizations within the scope of this program announcement, when feasible and appropriate.

e. Establish specific, measurable, and realistic short-term (one year) and long-term (three year) program objectives that are consistent with the purpose of this program announcement. Develop a well-designed evaluation plan of each goal and objective. Performance will be based on the submission of realistic, time-phased, and achievable goals and objectives.

f. Identify and select appropriate staff, based on experience and capability, to successfully implement the program activities.

In a cooperative agreement, CDC staff is substantially involved in the program activities, above and beyond routine grant monitoring.

CDC Activities for this program are as follows:

a. Partner with recipients in the development, implementation, evaluation, and dissemination of programs designed to improve knowledge and attitudes to prevent and control cancer and other chronic disease within constituent communities.

b. Provide periodic updates about public knowledge, attitudes, and practices regarding chronic disease prevention and control, including up-to-date scientific information.

c. Partner with recipient to identify appropriate and specific venues to share and disseminate information.
