

stating that other awards may also be made to authorized entities in Guam, the Commonwealth of the Northern Mariana Islands, and the freely associated States, was inadvertently omitted from this section. In addition, the notice contained a "chart" that provided closing dates and other information regarding the transmittal of applications for the Fiscal Year 2000 competitions. This notice will correct the "Estimated Project Awards" section and the "chart" (65 FR 25170) by including the following information, "Awards may also be made under the Parent Training and Information Centers competition (CFDA 84.328M) to authorized entities in Guam, the Commonwealth of the Northern Mariana Islands, and the freely associated States. However, maximum funding levels have not been specified."

Note to applicants: Potential applicants should consult the statement of the final priority published on April 28, 2000 (65 FR 25156) to ascertain the substantive requirements for their applications.

Correction

1. In the **Federal Register** of April 28, 2000 (65 FR 25167), in the third column, after the listing "New York (Interim Awards)—\$339,800" correct the "Estimated Project Awards" section by adding the following paragraph to read:

Awards may also be made under the Parent Training and Information Centers competition (CFDA 84.328M) to authorized entities in Guam, the Commonwealth of the Northern Mariana Islands, and the freely associated States. However, maximum funding levels have not been specified.

2. In the **Federal Register** of April 28, 2000 (65 FR 25170) correct footnote 1 of the chart to read as follows:

The Assistant Secretary rejects and does not consider an application that proposes a budget exceeding the amount listed for any single budget period of 12 months. Awards may also be made under the Parent Training and Information Centers competition (CFDA 84.328M) to authorized entities in Guam, the Commonwealth of the Northern Mariana Islands, and the freely associated States. However, maximum funding levels have not been specified.
