OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusion Extensions: China’s Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States
Trade Representative.

ACTION: Notice.

SUMMARY: Effective August 23, 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$16 billion as part of the action in the Section 301 investigation of China’s acts, policies, and practices related to technology transfer, intellectual property, and innovation. The U.S. Trade Representative initiated an exclusion process in September 2018

and granted three sets of exclusions under the \$16 billion action. He published the third set of exclusions in September 2019 and added additional exclusions in February and July 2020. These exclusions will expire on October 2, 2020. On June 25, 2020, the U.S. Trade Representative established a process for the public to comment on whether to extend particular exclusions for up to 12 months. This notice announces the U.S. Trade Representative’s determination to extend certain exclusions through December 31, 2020.

DATES: The product exclusion extensions announced in this notice apply as of October 2, 2020, and extend through December 31, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Associate General Counsel Philip Butler or Assistant General Counsel Benjamin Allen, or Director of

Industrial Goods Justin Hoffmann at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedycbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see prior notices including: 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 40823 (August 16, 2018), 83 FR 47236 (September 18, 2018), 83 FR 47974 (September 21, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FR 37381 (July 31, 2019), 84 FR 49600 (September 20, 2019), 84 FR 52553 (October 2, 2019), 84 FR 69011 (December 17, 2019), 85 FR 10808 (February 25, 2020), 85 FR 24076

(April 30, 2020), 85 FR 28691 (May 13, 2020), 85 FR 38237 (June 25, 2020), 85 FR 38243 (June 25, 2020), 85 FR 43291 (July 16, 2020), 85 FR 45949 (July 30, 2020), and 85 FR 59595 (September 22, 2020).

Effective August 23, 2018, the U.S. Trade Representative imposed additional 25 percent duties on goods of China classified in 279 eight-digit subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$16 billion. *See* 83 FR 40823 (the \$16 billion action). The U.S. Trade Representative's determination included a decision to establish a process by which U.S. stakeholders could request exclusion of particular products classified within an eight-digit HTSUS subheading covered by the \$16 billion action from the additional duties. The U.S. Trade Representative issued a notice setting out the process for the product exclusions and opened a public docket. *See* 83 FR 47236 (September 18 notice).

In September 2019, the U.S. Trade Representative granted a set of exclusion requests and added additional exclusions in February and July 2020. *See* 84 FR 49600 (September 20 notice); 85 FR 10808 (February 25 notice); 85 FR 43291 (July 16 notice). The exclusions granted under these notices expire on October 2, 2020. On June 25, 2020, the U.S. Trade Representative invited the public to comment on whether to extend for up to 12 months particular exclusions granted under these notices. *See* 85 FR 38243 (June 25 notice).

Under the June 25 notice, commenters were asked to address whether the particular product and/or a comparable product is available from sources in the United States and/or in third countries; any changes in the global supply chain since August 2018 with respect to the particular product, or any other relevant

industry developments; and efforts, if any, importers or U.S. purchasers have undertaken since August 2018 to source the product from the United States or third countries.

In addition, commenters who were importers and/or purchasers of the products covered by an exclusion were asked to provide information regarding their efforts since August 2018 to source the product from the United States or third countries; the value and quantity of the Chinese-origin product covered by the specific exclusion request purchased in 2018 and 2019, and whether these purchases are from a related company; whether Chinese suppliers have lowered their prices for products covered by the exclusion following the imposition of duties; the value and quantity of the product covered by the exclusion purchased from domestic and third country sources in 2018 and 2019; the commenter's gross revenue for 2018 and 2019; whether the Chinese-origin product of concern is sold as a final product or as an input; whether the imposition of duties on the products covered by the exclusion will result in severe economic harm to the commenter or other U.S. interests; and any additional information in support or in opposition of the extending the exclusion.

The June 25 notice required the submission of comments no later than July 30, 2020.

B. Determination To Extend Certain Exclusions

Based on an evaluation of the factors set out in the September 18 and June 25 notices, which are summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to

extend certain product exclusions covered by the September 20, February 25, and July 16 notices, as set out in the Annexes to this notice.

The June 25 notice said the U.S. Trade Representative would consider extensions of up to 12 months. In light of the cumulative effect of current and possible future exclusions or extensions of exclusions on the effectiveness of the action taken in this investigation, the U.S. Trade Representative has determined to extend the exclusions in the Annex to this notice for less than 12 months—through December 31, 2020. To date, the U.S. Trade Representative has granted more than 6,800 exclusion requests, has extended some of these exclusions, and may consider further extensions of exclusions. The U.S. Trade Representative will take account of the cumulative effect of exclusions in considering the possible further extension of the exclusions covered by this notice, as well as possible extensions of exclusions of other products covered by the action in this investigation. The U.S. Trade Representative's determination also takes into account advice from advisory committees and any public comments concerning extension of the pertinent exclusion.

In accordance with the September 18 notice, the exclusions are available for any product that meets the description in the Annexes, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the ten-digit HTSUS headings and product descriptions in the Annexes to this notice, and not by the product descriptions set out in any particular request for exclusion.

Joseph Barloon,

General Counsel, Office of the United States Trade Representative.

SUPPLEMENTARY INFORMATION:

Title: Certification of Enforcement of
Vehicle Size and Weight Laws.

OMB Control Number: 2125–00034.

Background: Title 23, U.S.C., section
141, requires each State, the District of
Columbia and Puerto Rico to file an
annual certification that they are
enforcing their size and weight laws on
Federal-aid highways and that their
Interstate System weight limits are
consistent with Federal requirements to
be eligible to receive an apportionment
of Federal highway trust funds. Failure
of a State to file a certification,
adequately enforce its size and weight
laws, and enforce weight laws on the
Interstate System that are consistent
with Federal requirements, could result
in a specified reduction of its Federal
highway fund apportionment for the
next fiscal year. In addition, section 123
of the Surface Transportation Assistance
Act of 1978 (Pub. L. 95–599, 92
Stat. 2689, 2701) requires each
jurisdiction to inventory annually (1) its
penalties for violation of its size and
weight laws, and (2) the term and cost
of its oversize and overweight permits.

Section 141 also authorizes the
Secretary to require States to file such
information as is necessary to verify that
their certifications are accurate. To
determine whether States are adequately
enforcing their size and weight limits,
FHWA requires that each State submit
to the FHWA an updated plan for
enforcing their size and weight limits.
The plan goes into effect at the
beginning of each Federal fiscal year. At
the end of the fiscal year, States must
submit their certifications and sufficient
information to verify that their
enforcement goals established in the
plan have been met.

Respondents: The State Departments
of Transportation (or equivalent) in the
50 states, the District of Columbia, and
the Commonwealth of Puerto Rico.

Frequency: Annually in separate
collections: One certification and one
plan (2 collections).

**Estimated Average Burden per
Response:** Each response will take
approximately 40 hours.

**Estimated Total Annual Burden
Hours:** 4,160 hours.

Public Comments Invited: You are
asked to comment on any aspect of this
information collection, including: (1)
Whether the proposed collection of
information in the plan and in the
certification is necessary for the U.S.
DOT's performance, including whether
the information will have practical
utility; (2) the accuracy of the U.S.
DOT's estimate of the burden of the
proposed information collection; (3)
ways to enhance the quality, usefulness,
and clarity of the collected information;
and (4) ways that the burden could be
minimized, including the use of
electronic technology or reduced
frequency of collection of the plan,
without reducing the quality of the
collected information. The agency will
summarize and/or include your
comments in the request for OMB's
clearance of this information collection.

Authority: The Paperwork Reduction Act
