SUPPLEMENTARY INFORMATION:

I. Background: This document provides the justification for the request by the Department of Labor, Employment and Training Administration (ETA) for an extension with revisions of OMB-approved quarterly progress reporting requirements for the High Growth Job Training Initiative (HGJTI) grants and the Community-Based Job Training (CBJT) grants. The OMB-approved HGJTI and CBJTG quarterly progress reporting requirements, OMB No. 1205-1465, expire May 31, 2011. Through the extension with renewal request, ETA will require grantees to submit standardized quarterly progress reports summarizing the number and types of participants served by grantees, the number of exiters, the number of participants engaged in training activities, and some participant outcomes. To calculate the common performance measures for each grantee and the grant programs as a whole, ETA will also require grantees to submit quarterly standardized records for exiters that contain the minimum number of elements needed to calculate common performance measure outcomes. These progress reporting requirements align with outcome categories identified in the SGAs used to award HGJTI and CBJT grants. The collection of this data helps ETA report the impact of these funds and provides ETA with more comprehensive information on the status of individual grants and individuals that receive services and find employment through these grants. The accuracy, reliability, and comparability of program reports submitted by grantees using federal funds are fundamental elements of good public administration and are necessary tools for maintaining and demonstrating system integrity. The use of a standard set of data elements, definitions, and specifications at all levels of the workforce system, including the HGJTI and CBJT grants, helps improve the quality of performance information that is received by ETA. This data also helps ETA provide more targeted technical assistance to support improvement of grantee outcomes. ETA will continue to provide HGJTI and CBJT grantees with a reporting system, the Enterprise
