DEPARTMENT OF EDUCATION**Notice of Proposed Information Collection Requests**

AGENCY: Department of Education.

ACTION: Notice of Proposed Information Collection Requests.

SUMMARY: The Leader, Regulatory Information Management, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: An emergency review has been requested in accordance with the Act (44 U.S.C. Chapter 3507(j)), since public harm is reasonably likely to result if normal clearance procedures are followed. Approval by the Office of Management and Budget (OMB) has been requested by April 29, 2002. A regular clearance process is also beginning. Interested persons are invited to submit comments on or before July 1, 2002.

ADDRESSES: Written comments regarding the emergency review should be addressed to the Office of Information and Regulatory Affairs, Attention: Karen Lee, Desk Officer: Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the internet address *Karen_F_Lee@omb.eop.gov*.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Director of OMB provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Information Management Group, Office of the Chief Information Officer, publishes this notice containing proposed information collection requests at the beginning of

the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on respondents, including through the use of information technology.

Dated: April 29, 2002.

Type of Review: Reinstatement.

Title: Consolidated State Application/Consolidated State Annual Report.

Abstract: This information collection package describes the proposed criteria and procedures that govern the consolidated State application under which State educational agencies will apply to obtain funds for implementing Elementary and Secondary Education Act (ESEA) programs. The option of submitting a consolidated application for obtaining federal formula program grant funds is provided for in the reauthorized ESEA (No Child Left Behind—NCLB) Sections 9301-9306. This information collection package will guide the States in identifying the information and data required in the application.

Additional Information: An emergency clearance was sought for the Consolidated Application because grant funds need to be awarded to States on July 1, 2002 or soon thereafter. In order for the Department to award funds by July 1, an application must be made available to the States next week. If States do not have funds by the July 1, 2002 date, hardships will be imposed on States' educational planning and service delivery to local schools. In the Department's view, harm to the public would thus occur if this clearance was
