

United States, and/or (2) issue one or more cease and desist orders that could result in the respondent(s) being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade Representative, as delegated by the President, has 60 days to approve or disapprove the Commission's action. See Presidential Memorandum of July 21, 2005, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: The parties to the investigation are requested to file written submissions as set forth above. Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the recommended determination by the ALJ on remedy and bonding. The complainants are also requested to submit proposed remedial orders for the Commission's

consideration. The complainants are also requested to state the date that the '480 patent expires and the HTSUS numbers under which the accused products are imported. The written submissions and proposed remedial orders must be filed no later than close of business on Tuesday June 25, 2013 and responses to the Commission's questions should not exceed 60 pages. Reply submissions must be filed no later than the close of business on Wednesday, July 3, 2013 and such replies should not exceed 40 pages. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the investigation number ("Inv. No. 337-TA-830") in a prominent place on the cover page and/or the first page. (See Handbook for Electronic Filing Procedures, http://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf). Persons with questions regarding filing should contact the Secretary (202-205-2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. A redacted non-confidential version of the document must also be filed simultaneously with the any confidential filing. All non-confidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.21 and 210.42-46 of the Commission's Rules of Practice and Procedure (19 CFR 210.21, 210.42-46).

Issued: June 12, 2013.

By order of the Commission.

Lisa R. Barton,

Acting Secretary to the Commission.

Overview of This Information Collection

(1) *Type of Information Collection:* Reinstatement, with change, of a previously approved collection for which approval has expired.

(2) *Title of the Form/Collection:* 2013 Census of Law Enforcement Training Academies.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form Number: CJ-52.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: State and Local Government. This information collection is a census of law enforcement training academies. The affected public that will be asked to respond will include approximately 700 state, regional, county, municipal, campus, and tribal law enforcement training academies that operate basic training programs. The information will

provide national statistics on law enforcement training staff, recruits/trainees, curricula, facilities, and policies.

This collection is the only national effort devoted to describing and understanding the training received by recruits entering the profession of law enforcement. The collection enables BJS, other federal agencies, and state, regional, local, campus, and tribal law enforcement authorities, as well as legislators and researchers, to track changes in the characteristics of basic recruits and their training programs.

(5) *An estimate of the total number of respondents and the average amount of time for a respondent to respond:* It is estimated that 700 respondents will complete a two-hour form. It is estimated that 70 of these respondents will be contacted a second time to participate in reliability testing for selected items. This testing will average about one hour per selected respondent.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 1,470 total annual burden hours associated with this collection.
