SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov/> or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC 20004. The telephone number for the Docket Center is 202–566–1744. For additional information about the EPA’s public docket, visit <https://www.epa.gov/dockets>.

Abstract: The EPA is required by the Safe Drinking Water Act (SDWA), as amended in 1996, to review existing National Primary Drinking Water Regulations (NPDWRs) no less often than every six years. This routine evaluation is referred to as the “Six-Year Review of National Primary Drinking Water Regulations” or simply, the “Six-Year Review.” Throughout the Six-Year Review process, the EPA assesses new data to determine risks to human health posed by regulated drinking water contaminants and identifies NPDWRs that may be appropriate for revision.

The EPA completed and published review results for the first Six-Year Review cycle (1996–2002) on July 18, 2003 (68 FR 42908). The occurrence assessments for the first Six-Year Review were based on compliance monitoring from a cross-section of 16 States, collected from 1993 to 1997, which were voluntarily provided by the States.

The EPA completed and published review results for the second Six-Year Review cycle (2003–2009) on March 29, 2010 (75 FR 15500). The occurrence assessments conducted for the second Six-Year Review are based on data collected between 1998 and 2005, voluntarily submitted by States and other drinking water primary enforcement (primacy) agencies (*i.e.*, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, or an eligible Indian tribe).

The EPA completed and published review results for the third Six-Year Review cycle (2010–2016) on January 11, 2017 (82 FR 3518). The occurrence

assessments conducted for the third Six-Year Review are based on contaminant occurrence and treatment techniques data collected between 2006 and 2011, voluntarily submitted by States and other drinking water primacy agencies.

The EPA created this new ICR to continue to engage States and other drinking water primacy agencies in data collection efforts. For this ICR, the EPA is soliciting States and other primacy agencies to (voluntarily) provide historical, compliance monitoring (contaminant occurrence) data for community water systems (CWSs) and non-transient non-community water systems (NTNCWSs) to the Agency in support of the fourth Six-Year Review. The EPA is requesting contaminant occurrence and treatment technique data collected from 2012 to 2019 for all regulated chemical, radiological, and microbial contaminants, including data collected for the Revised Total Coliform Rule, newly promulgated since the third Six-Year Review information collection.

The compliance monitoring records for this information collection (including all results for analytical detections and non-detections) provide the data needed to conduct statistical estimates of national occurrence for regulated contaminants and evaluate treatment technique information associated with the control of pathogens, disinfectants, and disinfection byproducts. The national occurrence estimates and information on treatment techniques will support the EPA’s review of existing NPDWRs as required by the SDWA, section 1412(b)(9). In addition, the SDWA, section 1445(g), requires the EPA to maintain a national drinking water contaminant occurrence database (*i.e.*, the National Contaminant Occurrence Database (NCOD)), using occurrence data for both regulated and unregulated contaminants in public water systems (PWSs). This data collection will provide new occurrence data on regulated contaminants to maintain the NCOD.

Form Numbers: None.

Respondents/affected entities: States and other drinking water primacy agencies.

Respondent’s obligation to respond: Voluntarily.

Estimated number of respondents: 56 (total).

Frequency of response: One-time only.

Total estimated burden: 765 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$43,021 (per year), includes \$0 annualized capital or operations and maintenance costs.

Changes in the estimates: The new burden under this ICR is for a one-time data collection effort in support of the fourth six-year review of national primary drinking water regulations.

Director, Regulatory Support Division.

FEDERAL ELECTION COMMISSION

[Notice 2019–15]

Filing Dates for the Wisconsin Special Election in the 7th Congressional District

AGENCY: Federal Election Commission.

ACTION: Notice of filing dates for special election.

SUMMARY: Wisconsin has scheduled special elections on December 30, 2019, and January 27, 2020, to fill the U.S. House of Representatives seat in the 7th Congressional District vacated by Representative Sean Duffy.

Committees required to file reports in connection with the Special Primary Election on December 30, 2019, shall file a 12-day Pre-Primary Report. Committees required to file reports in connection with both the Special Primary and Special General Election on January 27, 2020, shall file a 12-day Pre-Primary, a consolidated 12-day Pre-General Report and Year-End Report, and a 30-day Post-General Report.

FOR FURTHER INFORMATION CONTACT: Ms. Elizabeth S. Kurland, Information Division, 1050 First Street NE, Washington, DC 20463; Telephone: (202) 694–1100; Toll Free (800) 424–9530.

SUPPLEMENTARY INFORMATION:

Principal Campaign Committees

All principal campaign committees of candidates who participate in the Wisconsin Special Primary and Special General Elections shall file a 12-day Pre-Primary Report on December 18, 2019; a consolidated 12-day Pre-General and Year-End Report on January 15, 2020; and a 30-day Post-General Report on February 26, 2020. (See charts below for the closing date for each report.)

All principal campaign committees of candidates participating *only* in the Special Primary Election shall file a 12-day Pre-Primary Report on December 18, 2019. (See charts below for the closing date for each report.)

Unauthorized Committees (PACs and Party Committees)

Political committees not filing monthly in 2019 or 2020 are subject to special election reporting if they make previously undisclosed contributions or expenditures in connection with the Wisconsin Special Primary or Special General Elections by the close of books for the applicable report(s). (See charts below for the closing date for each report.)

Since disclosing financial activity from two different calendar years on one report would conflict with the calendar year aggregation requirements stated in the Commission's disclosure rules, unauthorized committees that trigger the filing of the consolidated Pre-General & Year-End Report will be required to file this report on two separate forms: One form to cover 2019 activity, labeled as the Year-End Report;

and the other form to cover only 2020 activity, labeled as the Pre-General Report. Both forms must be filed by January 15, 2020.

Committees filing monthly that make contributions or expenditures in connection with the Wisconsin Special Primary or Special General Elections will continue to file according to the monthly reporting schedule.

Additional disclosure information in connection with the Wisconsin Special Elections may be found on the FEC website at <https://www.fec.gov/help-candidates-and-committees/dates-and-deadlines/>.

Disclosure of Lobbyist Bundling Activity

Principal campaign committees, party committees and leadership PACs that are otherwise required to file reports in connection with the special elections

must simultaneously file FEC Form 3L if they receive two or more bundled contributions from lobbyists/registrants or lobbyist/registrant PACs that aggregate in excess of the lobbyist bundling disclosure threshold during the special election reporting periods. (See charts below for closing date of each period.) 11 CFR 104.22(a)(5)(v), (b), 110.17(e)(2), (f).

The lobbyist bundling disclosure threshold for calendar year 2019 is \$18,700. This threshold amount may change in 2020 based upon the annual cost of living adjustment (COLA). As soon as the adjusted threshold amount is available, the Commission will publish it in the **Federal Register** and post it on its website. 11 CFR 104.22(g) and 110.17(e)(2). For more information on these requirements, see **Federal Register** Notice 2009-03, 74 FR 7285 (February 17, 2009).

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM
FEDERAL DEPOSIT INSURANCE CORPORATION
[Docket No. OP-1681]
RIN 3064-ZA08
Request for Information on Application of the Uniform Financial Institutions Rating System
AGENCY: Federal Deposit Insurance Corporation and Board of Governors of the Federal Reserve System
ACTION: Notice and request for comment.

SUMMARY: The Board of Governors of the Federal Reserve System (FRB) and the Federal Deposit Insurance Corporation (FDIC) and (collectively, the agencies) are seeking information and comments from interested parties regarding the consistency of ratings assigned by the agencies under the Uniform Financial Institutions Rating System (UFIRS). The assigned ratings are commonly known as CAMELS ratings. The agencies also are interested in receiving feedback concerning the current use of CAMELS ratings by the agencies in their bank application and enforcement action processes.
