(MPSC) and directed by the Commission.

Williams states that copies of the revised tariff sheets are being mailed to Williams's jurisdictional customers, all parties appearing on the official service list, and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at http:// www.ferc.fed.us/online/rims.htm (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at http:// www.ferc.fed.us/efi/doorbell.htm.

Linwood A. Watson, Jr.,

Acting Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RP01-89-000]

Wyoming Interstate Company, Ltd.; Notice of Tariff Filing

November 15, 2000.

Take notice that on November 9, 2000, Wyoming Interstate Company, Ltd. (WIC), tendered for filing to become part of its FERC Gas Tariff, Second Revised Volume No. 2, Fifth Revised Sheet No. 4C to be effective January 1, 2001.

WIC states the purpose of this filing is to permit WIC to collect Gas Research Institute (GRI) charges associated with its transportation pursuant to the Commission's order issued September 19, 2000 in Docket No. RP00–313–000.

WIC further states that copies of this filing have been served on WIC's jurisdictional customers and public bodies.

Any person desiring to be heard or to protest said filing should file a motion

to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at http://www.ferc.fed.us/online/ rims.htm (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at http:/ /www.ferc.fed.us/efi/doorbell.htm.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EG01-26-000, et al.]

Calumet Energy Team, LLC, et al.; Electric Rate and Corporate Regulation Filings

November 14, 2000.

Take notice that the following filings have been made with the Commission:

1. Calumet Energy Team, LLC

[Docket No. EG01-26-000]

Take notice that on November 7, 2000, Calumet Energy Team, LLC, c/o Wisvest Corporation, N16 W23217 Stone Ridge Drive, Suite 100, Waukesha, WI 53188, filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator status pursuant to section 32(a)(1) of the Public Utility Holding Company Act of 1935. The applicant is a limited liability company organized under the laws of the State of Delaware that is engaged directly and exclusively in developing, owning, and operating a gas-fired, nominally 300 MW simple-cycle peaking power plant in Chicago, Illinois. The applicant's power plant will be an eligible facility.

Comment date: December 5, 2000, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

2. Chandler Wind Partners, LLC

[Docket No. EG01-27-000]

Take notice that on November 8, 2000, Chandler Wind Partners, LLC, of 63–655 19th Avenue, P.O. Box 1043, North Palm Springs, California 92258, filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator status pursuant to Part 365 of the Commission's regulations.

Chandler Wind Partners, LLC, is a Delaware limited liability company that owns and operates an approximately 1.98 megawatt (nameplate capacity) wind generation facility, comprised of three (3) Vestas V47–660kw wind turbine generators (the Facility). The Facility is located in Murray County, Minnesota. Chandler Wind Partners, LLC is engaged directly and exclusively in the business of owning and operating all or part of one or more eligible facilities and selling electric energy at wholesale.

Comment date: December 5, 2000, in accordance with Standard Paragraph E at the end of this notice. The Commission will limit its consideration of comments to those that concern the adequacy or accuracy of the application.

3. Wheelabrator Lassen Inc.

[Docket No. QF81-21-003]

Take notice that on November 1, 2000, Wheelabrator Lassen Inc. (Lassen) filed a request for recertification that, subsequent to a change in upstream ownership, a 42-megawatt power generation facility that is owned and operated by Lassen and is located in Anderson, Shasta County, California, is a qualifying cogeneration facility.

Comment date: December 1, 2000, in accordance with Standard Paragraph E at the end of this notice.

4. Wheelabrator Hudson Energy Company Inc.

[Docket No. QF81-35-002]

Take notice that on November 1, 2000, Wheelabrator Hudson Energy Company Inc. (Hudson) filed a request for recertification that, subsequent to a change in upstream ownership, a sixmegawatt qualifying cogeneration facility that is owned and operated by Hudson and is located in Anderson, California, is a qualifying cogeneration facility.
