II. Introduction

This notice satisfies the Privacy Act requirement that an agency publishes a system of records notice in the **Federal Register** when there is an addition or change to an agency’s systems of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. The Acting Director of FHFA has determined that records and information in these two systems of records are not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to paragraph 4c of Appendix I to OMB Circular No. A–130, “Federal Agency Responsibilities for Maintaining Records About Individuals,” dated February 8, 1996 (61 FR 6427, 6435 February 20, 1996), FHFA has submitted a report describing the systems of records covered by this notice to the Committee on Oversight and Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, and the Office of Management and Budget.

III. Proposed Systems of Records

The system of records “Photographic Files” (FHFA–5) is being revised to update the system name, address new categories of individuals covered, address new records that will be collected, and make non-substantive edits. The system’s new name will be “Photographic, Video, Voice, and Similar Files.” The system contains photographs including hardcopy and electronic images, video, audio, names, date of visit, participation in events and programs, and biographies of speakers, trainers, and others. FHFA uses these photographic records for distribution and reproduction in agency documents and communications such as reports, agency plans, training materials, press releases, briefing materials, research documents, newsletters, and presentations.

The proposed new system "Online Forms" (FHFA-22) will contain information submitted by individuals or their representatives, to FHFA. FHFA will use this information to communicate with and respond to individuals who submit a form online with FHFA.

The revised and proposed systems of records notices are set out in their entirety and described in detail below.
