The FAA requests that comments be as specific as possible in response to actions that are being proposed under this notice.

Public scoping meetings have been scheduled for this project. The purpose of these scoping meetings is to describe the ATMP development and environmental processes, obtain public input regarding the ATMP and potential environmental concerns that may be appropriate for consideration in the Environmental Assessment, and to identify alternatives to be considered. Both oral and written comments will be accepted during these meetings. Agency personnel will be available to record your spoken comments. SUPPLEMENTARY INFORMATION:

Background

The National Parks Air Tour Management Act of 2000, enacted on April 5, 2000, as Public Law 106–181 (Pub. L. 106–181), required the establishment of a National Parks Overflights Advisory Group within 1 year after its enactment. The NPOAG was to be a balanced group representative of general aviation, commercial air tour operations, environmental concerns, and Indian tribes. The duties of the NPOAG included providing advice, information, and recommendations to the Director, NPS, and to the Administrator, FAA, on the implementation of Public Law 106–181, on quiet aircraft technology, on other measures that might accommodate interests to visitors to national parks, and, at the request of the Director and Administrator, on safety, environmental, and other issues related to commercial air tour operations over national parks or tribal lands.

On March 12, 2001, the FAA and NPS announced the establishment of the NPOAG (48 FR 14429). The first meeting of the advisory group was held August 28–29, 2001, in Las Vegas, Nevada; the second meeting was held October 4–5, 2002, in Tusayan, Arizona; and the third meeting was held October 20–21, 2003 in Jackson, Wyoming.

On October 10, 2003, the Administrator signed Order No. 1110–138 establishing the NPOAG as an aviation rulemaking committee. Current members of the NPOAG ARC are Heidi Williams (general aviation), David Kennedy, Richard Larew, and Alan Stephen (commercial air tour operations), Chip Dennerlein, Charles Maynard, Steve Bosak, and Susan Gunn (environmental interests), and Germaine White and Richard Deertrack (Indian tribes).

Agenda for the March 18, 2004, Meeting

The NPOAG ARC will review tribal issues, prevention and mitigation of significant adverse environmental impacts, modifications to interim operating authority, new entrant operators and increased operations of existing operators, and quiet technology. A final agenda will be available the day of the meeting.
