

production, market economy purchases, and to determine the appropriate surrogate financial statements to use in establishing financial ratios. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the preliminary results of this review by 60 days until May 1, 2009.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: February 26, 2009.

John M. Andersen,

*Acting Deputy Assistant Secretary for
Antidumping and Countervailing Duty
Operations.*

Wooden Bedroom Furniture from the People's Republic of China: Amended Final Results of the January 1, 2007, through July 31, 2007, New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On October 31, 2008, the Department of Commerce ("Department") published in the *Federal Register* the final results of the fourth new shipper reviews of the antidumping duty order on wooden bedroom furniture from the People's Republic of China ("PRC"). See *Wooden Bedroom Furniture from the People's Republic of China: Final Results of Fourth New Shipper Reviews*, 73 FR 64916 (October 31, 2008) ("Final Results") and accompanying Issues and Decision Memorandum. The period of review is January 1, 2007, through July 31, 2007. We are amending our *Final Results* to correct ministerial errors made in the calculation of the antidumping duty margin for Dongguan Mu Si Furniture Co., Ltd. ("Mu Si"), pursuant to section 751(h) of the Tariff Act of 1930, as amended ("the Act").

EFFECTIVE DATE: March 4, 2009.

FOR FURTHER INFORMATION CONTACT: Paul Stolz, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4474.

SUPPLEMENTARY INFORMATION:

Background

On November 10, 2008, American Furniture Manufacturers Committee for Legal Trade and Vaughan-Basset Furniture Company, Inc. (collectively "Petitioners"), and Mu Si submitted ministerial error allegations with respect to the final results of the fourth new shipper reviews of wooden bedroom furniture from the PRC. Petitioners and Mu Si made ministerial error allegations only with respect to Mu Si's margin calculations. No interested party submitted rebuttal comments.

Ministerial Errors

A ministerial error is defined in section 751(h) of the Act and further clarified in 19 CFR 351.224(f) as "an error in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other similar type of unintentional error which the Secretary considers ministerial."

After analyzing all interested parties' comments, we have determined, in accordance with 19 CFR 351.224(e), that ministerial errors existed in certain calculations for Mu Si in the *Final Results*. Correction of these errors results in a change to Mu Si's final antidumping duty margin. The dumping margins for Dongguan Bon Ten Furniture Co., Ltd. and the PRC-wide entity remain unchanged. For a detailed discussion of these ministerial errors, as well as the Department's analysis, see the Memorandum entitled: Ministerial Error Memorandum for the Amended Final Results of 2007 New Shipper Reviews of Wooden Bedroom Furniture from the People's Republic of China, dated February 19, 2009, ("Ministerial Error Allegation Memorandum"). The Ministerial Error Allegation Memorandum is on file in the Central Records Unit, room 1117 in the main Department building.

Therefore, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* of the new shipper reviews of wooden bedroom furniture from the PRC. The revised weighted-average dumping margin is detailed below. For Mu Si-specific calculations, see "Analysis Memorandum for the Amended Final Results for Mu Si," dated February 19, 2009. Listed below is the revised weighted average dumping margin resulting from these amended final results:

WOODEN BEDROOM FURNITURE FROM THE PRC

Exporter/Producer	Weighted-Average Margin (Percent)
Dongguan Mu Si Furniture Co., Ltd. / Dongguan Mu Si Furniture Co., Ltd.	8.30

Disclosure

We will disclose the calculations performed for these amended final results within five days of the date of publication of this notice to interested parties in accordance with 19 CFR 351.224(b).

Assessment Rate

The Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries based on the amended final results. For details on the assessment of antidumping duties on all appropriate entries, see *Final Results*.

The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of these amended final results of the new shipper review.

Cash Deposit Requirements

The following cash deposit requirements will be effective retroactively on any entries made on or after October 31, 2008, the date of publication of the *Final Results*, for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for the exporters listed above, the cash deposit rate will be the rate shown for this company (except if the rate is *de minimis*, i.e., less than 0.5 percent, a zero cash deposit will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 216.01 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

These amended final results are published in accordance with sections 751(h) and 777(i)(1) of the Act.

Dated: February 23, 2009.

Ronald K. Lorentzen,
Acting Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-S

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Proposed Information Collection; Comment Request; Allocation of Resources for Fire Service and Emergency Medical Service

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before May 4, 2009.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Jason D. Averill, Fire Protection Engineer, 100 Bureau Drive, Gaithersburg, MD 20899-8664, (301) 975-2585; or jason.averill@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This information collection will be conducted by the Building and Fire Research Laboratory, a part of the National Institute of Standards and Technology, to establish a technical basis for optimal allocation of fire service and emergency medical service (EMS) resources. Presently, no scientifically-based method exists with which a fire chief or local administrator may evaluate the capacity of the fire and emergency medical services to respond to risks which are or may be present within the community served. Additionally, there is no validated capability to quantitatively evaluate

alternative levels of hazard mitigation or services. This project will provide the technical foundation to model the existing community hazards and response capacity, as well as explore the impact of changes to the service capacity.

II. Method of Collection

Respondents from fire and emergency service districts throughout the U.S. will record event-specific fire and emergency medical response data through a secure, web-based database program. Respondents are authorized representatives of a fire or EMS district trained in the data entry format required in this data collection. The data will be collected in a statistically representative manner in order to support generalization of the findings to a wide array of communities in the U.S.

III. Data

OMB Number: 0693-0047.

Form Number: None.

Type of Review: Regular submission.

Affected Public: State, Local, or Tribal Government.

Estimated Number of Respondents: 400.

Estimated Time per Response: 10 minutes.

Estimated Total Annual Burden Hours: 4,267.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: February 27, 2009.

Gwellnar Banks,
Management Analyst, Office of the Chief Information Officer.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Oceanic and Atmospheric Administration (NOAA), National Marine Fisheries Service (NMFS) deploys fishery observers on United States commercial fishing vessels and to fish processing plants in order to collect biological and economic data. NMFS has at least one observer program in each of its six Regions. These observer programs provide the only reliable or most effective method for obtaining information that is critical for the conservation and management of living marine resources. Observer programs primarily obtain information through direct observations by employees or agents of NMFS; and such observations are not subject to the Paperwork Reduction Act (PRA). However, observer programs also collect the following information that requires clearance under the PRA: (1) Standardized questions of fishing vessel captains/crew or fish processing plant managers/staff, which include gear and
