Carbon and Alloy Steel Wire Rod From Belarus, the Russian Federation, and the United Arab Emirates: Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (the ITC), Commerce is issuing antidumping duty (AD) orders on carbon and alloy steel wire rod (wire rod) from Belarus, the Russian Federation (Russia), and the United Arab Emirates (the UAE).

DATES: Applicable January 24, 2018.

FOR FURTHER INFORMATION CONTACT: Rebecca Janz at (202) 482-2972

(Belarus), Kaitlin Wojnar at (202) 482-3857 (Russia), or Carrie Bethea at (202) 482-1491 (the UAE), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on November 28, 2017, Commerce published affirmative final determinations in the less-than-fair-value (LTFV) investigations of wire rod from Belarus, Russia, and the UAE.¹ On January 11, 2018, the ITC notified Commerce of its affirmative determination, pursuant to section 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of wire rod from Belarus, Russia, and the UAE, and its determination that critical circumstances do not exist with respect to imports of wire rod from Russia subject to Commerce's affirmative critical circumstances determination.²

Scope of the Orders

The product covered by these orders is wire rod. For a complete description of the scope of these orders, see the Appendix to this notice.

Antidumping Duty Orders

In accordance with sections 735(b)(1)(A)(i) and 735(d) of the Act, the ITC notified Commerce of its final determination in these investigations, in which it found that an industry in the

United States is materially injured by reasons of imports of wire rod from Belarus, Russia, and the UAE.³ The ITC also notified Commerce of its determination that critical circumstances do not exist with respect to imports of wire rod from Russia subject to Commerce's critical circumstances finding.⁴ Therefore, in accordance with section 735(c)(2) of the Act, Commerce is issuing these AD orders. Because the ITC determined that imports of wire rod from Belarus, Russia, and the UAE are materially injuring a U.S. industry, unliquidated entries of such merchandise from Belarus, Russia, and the UAE are subject to the assessment of antidumping duties.

As a result of the ITC's final determination, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price, or constructed export price, of the merchandise, for all relevant entries of wire rod from Belarus, Russia, and the UAE. Antidumping duties will be assessed on unliquidated entries of wire rod from Belarus, Russia, and the UAE entered, or withdrawn from warehouse, for consumption on or after September 12, 2017, the date of publication of the preliminary determinations,⁵ but will not include entries occurring after the expiration of the provisional measures
