BILLING CODE 4140-01-P

ADVISORY COUNCIL ON HISTORIC PRESERVATION

Exemption From Historic Preservation Review for General Services Administration Routine Operations and Maintenance

AGENCY: Advisory Council on Historic Preservation.

ACTION: Approval of exemption.

SUMMARY: The Advisory Council on Historic Preservation has approved an exemption that relieves the General Services Administration from historic preservation review requirements under the National Historic Preservation Act for specified routine operations and maintenance activities.

DATES: The exemption went into effect on January 13, 2023.

FOR FURTHER INFORMATION CONTACT:

Laura Lavernia, (202) 517-0225, llavernia@achp.gov.

SUPPLEMENTARY INFORMATION: Section 106 of the National Historic Preservation Act (section 106) requires federal agencies to take into account the effects of projects, activities, or programs they carry out, license, or assist on historic properties (undertakings) and afford the Advisory Council on Historic Preservation (ACHP) a reasonable opportunity to comment with regard to such undertakings. Historic properties are those that are listed or have been determined eligible for listing in the National Register of Historic Places (NRHP).

The National Historic Preservation Act (NHPA) authorizes the ACHP to promulgate regulations for exempting undertakings "from any or all the requirements of" the NHPA. The section 106 implementing regulations, 36 CFR 800, detail the process for the approval of such exemptions.

In accordance with 36 CFR 800.14(c)(1), the ACHP may approve an exemption for an undertaking if it finds that: (i) the actions within the program or category would otherwise qualify as "undertakings" as defined in 36 CFR 800.16; (ii) the potential for effects of the undertakings within the program or category upon historic properties are foreseeable and likely to be minimal or not adverse; and (iii) exemption of the program or category is consistent with the purposes of the NHPA.

I. Background

General Services Administration (GSA) Use of 36 CFR 800.14 for Regional Routine Operations and Maintenance

In accordance with the regulations and processes outlined in 36 CFR
