Animal and Plant Health Inspection Service

Title: Importation of Pork-Filled Pasta.
OMB Control Number: 0579-0214.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, and eradicate pests or diseases of livestock or poultry. The Animal and Plant Health Inspection Service (APHIS) is responsible for protecting the health of our Nation's livestock and poultry populations by preventing the introduction and interstate spread of serious diseases and pests of livestock and for eradicating such diseases from the United States when feasible.

Need and Use of the Information: A certificate must be completed and signed by the issuing official, and contains such information as the origin of the meat used in the product, the name and location of the facility that processed the product, and the product's intended destination. Without the information, it would significantly cripple APHIS' ability to ensure that pork-filled pasta from certain regions pose a minimal risk of introducing swine vesicular disease into the United States.
