

information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities:

Entities potentially affected by this action are companies that manufacture, process, use, import or distribute in commerce chemical substances that are subject to reporting requirements under sections 4, 8(d) or 8(e) of TSCA, or are subject to voluntary reporting under the Voluntary Children's Chemical Evaluation Program (VCCEP).

Frequency of Collection: On occasion.

Estimated average number of responses for each respondent: 1.46.

Estimated No. of Respondents: 831.

Estimated Total Annual Burden on Respondents: 607 hours.

Estimated Total Annual Costs: \$35,716.

Changes in Burden Estimates: There is a decrease of 454.5 hours (from 1,061 hours to 607 hours) in the total estimated respondent burden compared with that identified in the information collection most recently approved by OMB. This reflects a decrease in the estimated number of submissions, continuing the trend that was reported in the prior ICR renewal.

Dated: May 27, 2010.

John Moses,

Director, Collection Strategies Division.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9158-8]

Science Advisory Board Staff Office; Notification of a Public Meeting of the SAB Lead Review Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA Science Advisory Board (SAB) Staff Office announces a public meeting of the SAB Lead Review Panel to provide a consultation on EPA's draft technical analyses that will be used to support the development of lead-based paint dust hazard standards.

DATES: There will be a public meeting held on July 6, 2010 from 9 a.m. to 5 p.m. (Eastern Time) and July 7, 2010 from 9 a.m. to 12 p.m. (Eastern Time).

ADDRESSES: The face-to-face meeting on July 6-7, 2010 will be held at the St. Regis Washington, 923 16th Street, NW., Washington, DC 20006; telephone (202) 638-2626.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing to obtain information concerning the public meeting may contact Mr. Aaron Yeow, Designated Federal Officer (DFO), EPA Science Advisory Board Staff Office (1400F), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; by telephone/voice mail at (202) 343-9878 or at yeow.aaron@epa.gov. General information about the SAB, as well as any updates concerning the meeting announced in this notice, may be found on the EPA Web site at <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION: Pursuant to the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2, notice is hereby given that the SAB Lead Review Panel will hold a public face-to-face meeting to provide a consultation on EPA's draft technical analyses that will be used to support the development of lead-based paint dust hazard standards. The SAB was established pursuant to 42 U.S.C. 4365 to provide independent scientific and technical advice to the Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under FACA. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Background: Human exposure to lead may cause a variety of adverse health effects, particularly in children. EPA's Office of Pollution Prevention and Toxics (OPPT) regulates toxic substances, such as lead, through the Toxic Substances Control Act (TSCA). In 2001, EPA established standards for lead-based paint hazards, which include lead in residential dust. OPPT is developing draft technical analyses that will be used to support possible revision of existing residential lead-based paint dust hazard standards and the development of lead-based paint dust hazard standards for public and commercial buildings. In the future, EPA will also develop draft technical analyses to support the development of lead-safe work practice standards for renovations of public and commercial buildings. OPPT has requested that the SAB conduct a review of these draft technical analyses.

In response to OPPT's request, the SAB Staff Office solicited nominations of experts [Federal Register Notice dated February 5, 2010 (75 FR 6030-6031)] and formed a review panel for Lead. The panel will provide an initial consultation on EPA's draft technical analyses which will be used to support the development of lead-based paint

dust hazard standards, followed by a peer review of these technical analyses later in the year. In the future, the panel will also review other EPA draft technical analyses that will be used to support the development of lead-safe work practice standards for renovations of public and commercial buildings. For this initial consultation, the panel is being asked to provide recommendations on the draft approach for developing the hazard standards for floors and window sills in residences and public and commercial buildings including: Selection of health endpoint(s), estimation of lead concentrations in environmental media, lead exposure assessment, conversion of dust loading to dust concentration, and blood lead modeling.

Availability of Meeting Materials:

Agendas and materials in support of this meeting will be placed on the EPA Web site at <http://www.epa.gov/sab> in advance of the meeting. For technical questions and information concerning EPA's draft document, please contact Dr. Jennifer Seed at (202) 564-7634, or seed.jennifer@epa.gov.

Procedures for Providing Public Input:

Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public face-to-face meeting will be limited to five minutes, with no more than a total of one hour for all speakers. Each person making an oral statement should consider providing written comments as well as their oral statement so that the points presented orally can be expanded upon in writing. Interested parties should contact Mr. Aaron Yeow, DFO, in writing (preferably via e-mail) at the contact information noted above by June 29, 2010 for the face-to-face meeting, to be placed on the list of public speakers. **Written Statements:** Written statements should be supplied to the DFO via email at the contact information noted above by June 29, 2010 for the face-to-face meeting so that

the information may be made available to the Panel members for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. Submitters are requested to provide versions of signed documents, submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

Accessibility: For information on access or services for individuals with disabilities, please contact Mr. Aaron Yeow at (202) 343-9878 or yeow.aaron@epa.gov. To request accommodation of a disability, please contact Mr. Yeow preferably at least ten days prior to each meeting to give EPA as much time as possible to process your request.

Dated: May 26, 2010,
Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Staff Office.

BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Submitted for Review and Approval to the Office of Management and Budget (OMB), Comments Requested

May 24, 2010.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act (PRA) of 1995, 44 U.S.C. 3501 – 3520. Comments are requested concerning: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and (e) ways to further reduce the information collection burden for small

business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a currently valid OMB control number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before July 6, 2010. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicholas A. Fraser, Office of Management and Budget, via fax at 202-395-5167 or via the Internet at Nicholas_A_Fraser@omb.eop.gov and to the Federal Communications Commission via email to PRA@fcc.gov. To view a copy of this information collection request (ICR) submitted to OMB: (1) Go to the web page <http://reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review", (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, and (6) when the list of FCC ICRs currently under review appears, look for the title of this ICR (or its OMB Control Number, if there is one) and then click on the ICR Reference Number to view detailed information about this ICR.

FOR FURTHER INFORMATION CONTACT: Judith B. Herman, Office of Managing Director, (202) 418-0214. For additional information or copies of the information collection(s), contact Judith B. Herman, OMD, 202-418-0214 or email judith-b.herman@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0742.
 Title: Sections 52.21 through 52.33, Telephone Number Portability (47 CFR Part 52, Subpart C) and CC Docket No. 95-116.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 3,616 respondents; 10,001,890 responses.

Estimated Time per Response: 4 minutes – 410 hours.

Frequency of Response: One time and on occasion reporting requirements and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. section 1, 2, 3, 251 and 332 of the Communications Act of 1934, as amended.

Total Annual Burden: 672,516 hours.

Total Annual Cost: \$13,424,320.

Privacy Act Impact Assessment: N/A.

Nature and Extent of Confidentiality: The Commission is not requesting that respondents submit confidential information to the Commission. If the Commission requests respondents to submit information which the respondents believe is confidential, respondents may request confidential treatment under 47 CFR 0.459 of the Commission rules.

Needs and Uses: The Commission will submit this expiring information collection (IC) as a revision to the Office of Management and Budget (OMB) to obtain the full three year clearance from them. The Commission has changed the reporting requirements and significantly increased the estimated hour and cost burdens. This increase is based on 1,626 carriers that engage in simple intermodal and wireline-to-wireline ports. We estimate that 1,626 carriers will complete an average of 6,150 ports per year with an average of 410 hours per response which results in 666,666 hours of additional burden to this IC and \$13,333,320 in additional annual costs.

The Commission is revising this IC by adding standardized local service request data fields. Section 251(b)(2) of the Telecommunications Act of 1996 requires LECs to "provide, to the extent technically feasible, number portability in accordance with requirements prescribed by the Commission." Through the Local Number Portability (LNP) process, consumers have the ability to retain their phone number when switching telecommunications service providers, enabling them to choose a provider that best suits their needs and enhancing competition. In the Porting Internal Order and Further Notice, the Commission mandated a one business day porting interval for simple wireline-to-wireline and intermodal port requests. The information collected in the standard local service request data fields is necessary to complete simple wireline-to-wireline and intermodal ports within the one business day porting interval mandated by the Commission and will be used to
