SUPPLEMENTARY INFORMATION:

Summaries for each FAR rule follow.
For the actual revisions and/or
amendments to these FAR cases, refer to
the specific item number and subject set
forth in the documents following these
item summaries.

FAC 2005–13 amends the FAR as
specified below:

**Item I—Implement OMB Policy on the
Use of Brand Name Specifications
(Interim) (FAR Case 2005-037)**

This interim rule amends the Federal
Acquisition Regulation (FAR) to
implement the memoranda issued by
the Office of Management and Budget
dated April 11, 2005 and April 17, 2006,
requiring agencies to publish on the
Governmentwide point of entry (GPE) or
e-Buy the documentation required by
the FAR to support the use of a brand
name specification. The rule is intended
to limit the use of brand name
specifications and provide for maximum
competition.

**Item II—Information Technology
Security (FAR Case 2004-018)**

This final rule amends the interim
rule published September 30, 2005, as
corrected on November 14, 2005, to a
final rule without change. The interim
rule amended FAR Parts 1, 2, 7, 11, and
39 to implement the Information
Technology (IT) Security provisions of
the Federal Information Security
Management Act of 2002 (FISMA),

(Title III of Public Law 107-347, the E-
Government Act of 2002 (E-Gov Act)).
The rule focuses on the importance of
system and data security by contracting
officials and other members of the
acquisition team. The intent of adding
specific guidance in the FAR is to
provide clear, consistent guidance to
acquisition officials and program
managers; and to encourage and
strengthen communication with IT
security officials, chief information
officers, and other affected parties.

**Item III—Online Representations and
Certifications Application (ORCA)
Archiving Capability (Interim)(FAR
Case 2005-025)**

This interim rule amends FAR Parts 4,
12, 14, and 15 to address the record
retention policy where the Online
Representations and Certifications
Application (ORCA) is used to submit
an offeror's representations and
certifications. Under FAR Subpart 4.12,
prospective contractors are required to
submit Annual Representations and
Certifications via the ORCA. Data in
ORCA is archived and electronically
retrievable. Therefore, when a
prospective contractor has completed
representations and certifications
electronically via ORCA, the contracting
officer may reference the date of ORCA
verification in the associated
Government contract file rather than
including a paper copy of the

electronically-submitted representations
and certifications in the file. Such a
reference satisfies contract file
documentation requirements of
4.803(a)(11). However, if an offeror
identifies changes to ORCA data
pursuant to the FAR provisions at
52.204-8(c) or 52.212-3(k), the
contracting officer must include a copy
of the changes in the contract file.

**Item IV—Inflation Adjustment of
Acquisition-Related Thresholds (FAR
Case 2004-033)**

This final rule adjusts acquisition-
related thresholds in the FAR for
inflation. It implements Section 807 of
the Ronald W. Reagan National Defense
Authorization Act for Fiscal Year 2005
(Pub. L. 108-375). Section 807 provides
for adjustment every 5 years of
acquisition-related thresholds, except
for Davis-Bacon Act, Service Contract
Act, and trade agreements thresholds.
This rule also escalates some
nonstatutory acquisition-related
thresholds. Often any impact of these
threshold increases will be beneficial,
by preventing burdensome requirements
from applying to more and more small
dollar value acquisitions, which are the
acquisitions in which small businesses
are most likely to participate. One
threshold change in this rule which may
temporarily impact small business is the
increase of the micro-purchase
threshold (FAR 2.101) from \$2,500 to

\$3,000, because the simplified acquisition threshold will not be raised at this time. Other frequently used thresholds that are adjusted include—

- The FPDS reporting threshold (FAR 4.602(c)) will be raised from \$2,500 to \$3,000.
- Commercial Items test program ceiling (FAR 13.500) will be raised from \$5,000,000 to \$5,500,000.
- The cost and pricing data threshold (FAR 15.403-4) will be raised from \$550,000 to \$650,000.

The prime contractor subcontracting plan (FAR 19.702) floor will be raised from \$500,000 to \$550,000, but for construction (\$1,000,000) is unchanged.

Item V—Trade Agreements—Thresholds (FAR Case 2005-030)

This final rule converts the interim rule published at 71 FR 864, January 5, 2006, to a final rule without change. This rule changes the thresholds for application of the World Trade Organization Government Procurement Agreement and the other Free Trade Agreements with Canada, Mexico, Chile, Singapore, and Australia. These threshold increases occur every two years in order to keep pace with inflation.

Item VI—Reporting of Purchases from Overseas Sources (Interim) (FAR Case 2005-034)

This interim rule amends FAR Part 25 and adds a provision in FAR 52.225 to implement Section 837 of Division A of the Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and Independent Agencies Appropriations Act, 2006 (Pub. L. 109-115). Section 837 requires the head of each Federal agency to submit a report to Congress relating to acquisitions of articles, materials, or supplies that are manufactured outside the United States. The new provision requests from offerors necessary data regarding place of manufacture. The new provisions will require an offeror to indicate whether the place of manufacture of the end products it expects to provide in response to the solicitation is predominantly inside or outside the United States. Whenever the place of manufacture for a contract is coded outside the United States, the contracting officer will be required to enter into Federal Procurement Data System (FPDS) the reason for buying items manufactured outside the United States.

Item VII—Exception to the Buy American Act for Commercial Information Technology (FAR Case 2005-022)

This final rule converts the interim rule published at 71 FR 223, January 3, 2006, to a final rule without change. This final rule amends FAR 25.103 and Subpart 25.11 to implement Section 535(a) of Division F of the Consolidated Appropriations Act, 2004, and similar sections in subsequent appropriations acts. Section 535(a) authorizes an exception to the Buy American Act for acquisitions of information technology that are commercial items. The final rule applies to all offerors responding to solicitations for commercial information technology where the Buy American Act previously applied (generally, acquisitions between the micro-purchase threshold and \$193,000). The effect of this exemption is that the following clauses are no longer applicable in acquisition of commercial information technology:

- FAR 52.225-1, Buy American Act—Supplies,
- FAR 52.225-2, Buy American Act Certificate,
- FAR 52.225-3, Buy American Act—Free Trade Agreements—Israeli Trade Act,
- FAR 52.225-4, Buy American Act—Free Trade Agreements—Israeli Trade Act Certificate.

This is because the Buy American Act no longer applies. The Free Trade Agreement non-discriminatory provisions are no longer necessary since all products now are treated without the restrictions of the Buy American Act.

The Trade Agreements provision and clause at FAR 52.225-5 and FAR 52.225-6 are still necessary when the Trade Agreements Act applies (acquisitions above \$193,000). The Trade Agreements provision and clause already waive applicability of the Buy American Act for eligible products and are needed to implement the restrictions on procurement of noneligible end products. Section 535 and subsequent similar sections waived only the Buy American Act, not all restrictions on the purchase of foreign information technology.

Item VIII—Technical Amendments

Editorial changes are made at FAR 1, 3, 4, 5, 7, 13, 26, 33, 49, 50, 52, and 53 in order to update references.
