GENERAL SERVICES ADMINISTRATION

[Notice-MA-2023-06; Docket No. 2023-0006; Sequence No. 01]

Federal Travel Regulation (FTR); Agency Reporting Requirements

AGENCY: Office of Government-wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice of GSA Bulletin FTR 23-06, travel reporting information profile (trip) reporting requirements.

SUMMARY: GSA Bulletin FTR 23-06 announces updates to the reporting requirements for annual travel and transportation information, commonly called the TRIP report.

DATES: *Applicable:* May 31, 2023.

FOR FURTHER INFORMATION CONTACT: For clarification of content, contact LaMan Dantzer J.D., Office of Government-wide Policy, Office of Asset and Transportation Management, at travelpolicy@gsa.gov, or 202-615-5399. Please cite Notice of GSA Bulletin FTR 23-06.

SUPPLEMENTARY INFORMATION: 5 United States Code 5707(c), as implemented in Federal Travel Regulation (FTR) Part 300-70, directs agencies (as defined in FTR § 301-1.1) to report specific information on payments for temporary duty travel and employee relocation no later than November 30 of each year to the General Services Administration (GSA). The head of the agency is responsible for ensuring the reported information is complete and accurate, to include information from all components of the agency, before submitting it to GSA (FTR 300-70.3; 300-70.4).

Executive Order 14057, "Catalyzing Clean Energy Industries and Jobs Through Federal Sustainability" and its implementing instructions direct GSA to establish tracking and provide annual reporting of agency-specific and Government-wide Scope 3 greenhouse gas (GHG) carbon emissions for employee travel.

The E-Gov Travel Service (ETS) and the Department of Defense's Defense Travel System (DTS) and MyTravel solutions capture mileage information required to compute a carbon footprint for commercial airline and privately owned vehicle travel, but GSA cannot extract this mileage data directly from other agencies' travel solutions. To consolidate travel-related information into a single repository while enabling necessary GHG calculations, GSA is adding mileage components to the information agencies must submit in the TRIP report.

GSA Bulletin FTR 23-06 can be viewed in its entirety at <https://www.gsa.gov/ftrbulletins>.

Principal Deputy Associate Administrator, Office of Government-wide Policy.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Refugee Cash and Medical Assistance Federal Financial Report ORR-2 Supplemental Data Collection (OMB #: 0970-0510)

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families' (ACF) Office of Refugee Resettlement (ORR) plans to submit a generic information collection (GenIC) request under the following umbrella generic: Generic Clearance for Financial Reports used for ACF Mandatory Grant Programs (0970-0510).

This request is to include instructions for ORR Refugee Cash and Medical Assistance (CMA) grant recipients to provide supplemental financial information when submitting the already required ORR-2 Financial Report, which is approved under Office of Management and Budget (OMB) number 0970-0407.

DATES: *Comments due within 14 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above and below.

ADDRESSES: Copies of the proposed collection of information can be obtained and comments may be forwarded by emailing infocollection@acf.hhs.gov. All requests should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: ACF programs require detailed financial information from their grantees that allows ACF to monitor various specialized cost categories within each program to closely manage program activities and to have sufficient financial information to enable periodic thorough and detailed audits. The Generic Clearance for Financial Reports used for ACF Mandatory Grant Programs allows ACF programs to efficiently develop and receive approval for financial reports that are tailored to specific funding recipients and the associated needs of the program. For more information about the umbrella generic, see: <https://www.reginfo.gov/>

[public/do/PRAViewICR?ref_nbr=202303-0970-002](https://public.do/PRAViewICR?ref_nbr=202303-0970-002).

This specific GenIC request applies to all ORR Refugee Cash and Medical Assistance grantees awarded traditional base funding as well as funding received under the Afghanistan Supplemental Appropriations Act, 2022 (ASA), and the Ukraine Supplemental Appropriations Act, 2022, and other appropriations as communicated. All grantees must complete reporting in accordance with statute. Currently, grantees use the ORR-2 (OMB #: 0970-0407) to report federal expenditures by program categories such as refugee cash assistance and refugee medical assistance. The ORR-2 requests grantees to report on the various program categories totaling expenditures, unliquidated obligations, and unobligated balances. ORR is proposing to request that grantees break out unobligated balances reported on the final ORR-2 financial report by funding source (base, ASA, Ukraine) and financial account number as referenced on the Notice of Award as a Word or Excel attachment to upload (with the ORR-2 report) in the Online Line Data Collection via the designated link. This final report is due September 30th. The proposed supplemental instructions will provide guidance and assist grantees with submitting the additional detail about Federal expenditure data reported on the ORR-2. The analysis of this data would further support adherence to program requirements.

Respondents: States, State Agency Grantee Designees.
