SUPPLEMENTARY INFORMATION: The Office of Management and Budget’s (OMB) regulation (5 CFR 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104–13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see, 5 CFR 1320.8(d)). This notice identifies the following information collection that the Agency is submitting to OMB as extension to an existing collection with Agency adjustment.

Title: 7 CFR part 1951; subpart F, Analyzing Credit Needs and Graduation of Borrowers.

OMB Control Number: 0575–0093.

Expiration Date of Approval: November 30, 2022.

Type of Request: Extension of a currently approved information collection.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 1 hours per response.

Respondents: Public bodies, Not for Profits, or Indian Tribes.

Estimated Number of Respondents: 437.

Estimated Number of Responses per Respondent: 1.

Estimated Number of Hours per Response: 2.

Estimated Total Annual Burden on Respondents: 884.

Abstract: Section 333 of the Consolidated Farm and Rural Development Act (CONACT) (7 U.S.C. 1983) requires the Agencies to graduate their direct loan borrowers to other credit when possible. Graduation is required because the Government loans are not to be extended beyond a borrower’s need for subsidized rates or Government credit. Borrowers must refinance their direct Government loan when other credit becomes available at reasonable rates and terms. If other credit is not available, the Agencies will continue to periodically review the account for possible graduation intervals. The information collected to carry out these statutory mandates is financial data such as amount of income, operating expenses, asset values and liabilities. This information collection is then submitted by the Agencies to private creditors. The reporting burden covered by this collection of information consists of forms, documents and written burden to support a request for funding for analyzing credit needs and graduation of borrowers.

Comments are invited on:

(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;

(c) ways to enhance the quality, utility and clarity of the information to be collected; and

(d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Abstract: The Rural Housing Service (RHS), under Section 502 of Title V of the Housing Act of 1949, as amended, provides financial assistance to construct, improve, alter, repair, replace, or rehabilitate dwellings, which will provide modest, decent, safe, and sanitary housing to eligible individuals in rural areas. To receive a loan or grant, applicants must provide the Agency with a standard housing application (used by government and private lenders), and provide documentation, including their credit history, to support the same.

Form RD 410–8, “Applicant Reference Letter” is used by the Agency to obtain information about an applicant's credit history that does not appear on a credit report. The form can be used to document the applicant's ability to handle credit effectively in cases where an applicant has used nontraditional sources of credit which do not appear

on a credit report. It also provides a mechanism for verifying repayment history for debts reported by the applicant on the loan application that do not appear on the credit report. This form asks only for specific, relevant information to determine the applicant's creditworthiness and to establish the applicant's history of prompt payments on debts. This information enables RHS to make better creditworthiness decisions.
