SUPPLEMENTARY INFORMATION: 38 CFR 17.101(a)(1) sets forth VA's collection or recovery regulations, pursuant to 38 U.S.C. 1729, for medical care or services provided or furnished by VA to a Veteran for: A nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses for care) under a health plan contract; a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or, for a nonservice-connected disability incurred as a result of a motor vehicle accident in a state that requires

automobile accident reparations insurance. VA refers to the charges for services as derived under 38 CFR 17.101 as "reasonable charges." Section 17.101 provides the methodologies for establishing billed amounts for several types of charges; however, this notice will only address partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables, and other medical services, items, and supplies identified by Healthcare Common Procedure Coding System (HCPCS) Level II codes.

Section 17.101(a)(2) provides that the actual charge amounts at individual VA medical facilities based on these methodologies and the data sources used for calculating those actual charge amounts will either be published in a notice in the **Federal Register** (FR) or will be posted on VA's website at: https://www.va.gov/communitycare/revenue_ops/payer_rates.asp.

Certain charges are updated as stated in this notice and will be effective on January 1, 2022.

In cases where VA has not established charges for medical care or services provided or furnished at VA expense (by either VA or non-VA providers) under other provisions or regulations, the method for determining VA's charges is set forth at section 17.101(a)(8).

Based on the methodologies set forth in section 17.101, this notice provides an update to charges for CY 2022 HCPCS Level II and Current Procedural Terminology codes. Charges are also being updated based on more recent versions of data sources for the following charge types: Partial hospitalization facility charges; outpatient facility charges; physician and other professional charges, including professional charges for anesthesia services and dental services; pathology and laboratory charges; observation care facility charges; ambulance and other emergency transportation charges; and charges for durable medical equipment, drugs, injectables and other medical services, items and supplies identified by HCPCS Level II codes. [communitycare/revenue_ops/payer_rates.asp](https://www.va.gov/communitycare/revenue_ops/payer_rates.asp) under the heading "Reasonable Charges Data Tables" and identified as "v4.225 Data Tables (Outpatient and Professional)."

Acute inpatient facility charges and skilled nursing facility/sub-acute inpatient facility charges remain the same as set forth in the notice published in the **Federal Register** on September 13, 2021 (86 FR 50953).

Consistent with section 17.101 (a)(2), the updated data and supplementary tables containing the changes described in this notice will be posted on VA's website at https://www.va.gov/communitycare/revenue_ops/payer_rates.asp under the heading "Reasonable Charges Rules, Notices and **Federal Register**" and identified as "v4.225 **Federal Register** Notice 01/01/22 (Outpatient and Professional)". Section 17.101(m) establishes the charges for prescription drugs not administered during treatment, as part of medical care or services provided or furnished by VA to a veteran under section 17.101(a)(1) for a nonservice-connected disability for which the veteran is entitled to care (or the payment of expenses for care) under a health plan contract; for a nonservice-connected disability incurred incident to the veteran's employment and covered under a worker's compensation law or plan that provides reimbursement or indemnification for such care and services; or for a nonservice-connected disability incurred as a result of a motor vehicle accident in a state that requires automobile accident reparations insurance.
