SUPPLEMENTARY INFORMATION: President Barack Obama and Prime Minister Stephen Harper created the U.S.-Canada Regulatory Cooperation Council (RCC) on February 4, 2011. After private sector consultations and bilateral negotiations, the RCC released the Joint Action Plan on Regulatory Cooperation on December 7, 2011. The Joint Action Plan is a practical first step to increased

regulatory cooperation between the United States and Canada.

In order to address the dangerous goods (hazardous materials) transportation opportunities identified in the Joint Action Plan, the Transportation—Dangerous Goods Working Group led by senior officials of regulatory agencies from both countries has developed a work plan with concrete objectives, deliverables and milestones for tangible progress within the RCC's two-year mandate. When available, the work plan will be posted at <http://www.trade.gov/rcc/>.

The purpose of this request is to invite all interested stakeholders to provide comments relative to the plan and the RCC. The draft work plan has also been posted and is available for viewing under this docket number. All stakeholders including those who may not have participated in the United States-Canada Regulatory Cooperation Council (RCC) stakeholder engagement session on January 31, 2012 in Washington, DC are welcome to submit additional comments. Comments that were submitted prior to the publication date of this notice will be posted to this docket and do not need to be resubmitted.

PHMSA is particularly soliciting comments and suggestions in the following areas:

- The development of ongoing cooperation frameworks and alignment mechanisms in the work plan.
- Technical input relevant to issues identified in the work plan or otherwise in relation to the transportation of hazardous materials between the U.S. and Canada.
- Your preferred method and frequency of stakeholder engagement for the working group.
- Overall United States-Canada regulatory cooperation and the RCC process with respect to the transportation of hazardous materials.

Additional information concerning the RCC and the Joint Action Plan is available at <http://www.trade.gov/rcc/>.
