RE: U.S. Government Procurement; Title III, Trade Agreements Act of 1979 (19 U.S.C. 2511); Subpart B, Part 177, CBP Regulations; Country of Origin of SCORE®7T tablets

Dear Mr. Weiss:

This is in response to your June 17, 2022 request, on behalf of Advanced Technologies Group, LLC (“ATG”), for a final determination¹ concerning the country of origin of SCORE®7T tablets used in U.S. correctional institutions. This request is being sought because ATG wants to confirm eligibility of the merchandise for U.S. Government procurement purposes pursuant to Title III of the Trade Agreements Act of 1979 (“TAA”), as amended (19 U.S.C. 2511 *et seq.*), and subpart B of part 177, U.S. Customs and Border Protection (“CBP”) Regulations (19 CFR 177.21, *et seq.*). ATG is a party-at-interest within the meaning of 19 CFR 177.22(d)(1) and 177.23(a), and is therefore entitled to request this final determination. On August 24, 2022, we held a meeting with you and your client representatives.

Facts

The SCORE®7T tablet at issue is a custom-designed tablet assembled in China and shipped to the United States. The chipset powering the tablet is manufactured in Taiwan and represents approximately 60 percent of the cost of the tablet’s hardware. The circuit and component layout for the motherboard is also made in Taiwan. The tablet uses a system on a chip (“SOC”) design. The SOC is an integrated circuit that

¹ ATG previously submitted a request for an advisory ruling dated March 7, 2022. Under the facts presented in the advisory ruling request, the imported tablets arrived with installed manufacturer’s generic Android firmware, which ATG states is no longer the case. On April 20, 2022, we issued advisory ruling HQ H324386 concluding that the removal of the installed manufacturer’s firmware from the imported functioning tablet and the installation of the U.S.-designed and developed firmware did not constitute a substantial transformation. The merchandise was a functioning tablet upon importation and remained a functioning tablet, just with limited and specialized functions.
