## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 60

[EPA-HQ-OAR-2008-0260; FRL-8703-2]

RIN 2060-AO42

### Standards of Performance for Portland Cement Plants

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule; extension of public comment period.

**SUMMARY:** EPA is extending the public comment period on the proposed amendments to the current Standards of Performance for Portland Cement Plants. EPA originally requested comments on the proposed rule by August 15, 2008. EPA is extending the deadline to September 30, 2008, and is now requesting written comments by that date. EPA received a request for this extension to the comment period from the Portland Cement Association. The reason given for the request for the extension was the need for additional time to gather data and review the proposed amendments. Given the fact that the proposed amendments are regulating two pollutants that are not regulated by the current NSPS, and the need by the Portland Cement Association to obtain additional

information from control equipment vendors, EPA finds this request to be reasonable.

**DATES:** *Comments.* The comment period for the proposed rule published June 16, 2008 (73 FR 34072), is extended.

Comments must be received on or before September 30, 2008.
