Title: Consumer Protections for Depository Institution Sales of Insurance.

OMB Control No.: 1557–0220.

Type of Review: Extension, without revision, of a currently approved collection.

Description: This information collection is required under section 305 of the Gramm-Leach-Bliley Act (GLB Act), 12 U.S.C. 1831x. Section 305 of the GLB Act requires the OCC, the Board of Governors of the Federal Reserve System, and the Federal Deposit Insurance Corporation (collectively, the Agencies) to prescribe joint consumer protection regulations that apply to retail sales practices, solicitations, advertising, and offers of any insurance product by a depository institution or by other persons performing these activities at an office of the institution or on behalf of the institution (other covered persons). Section 305 also requires those performing such activities to disclose certain information to consumers (e.g., that insurance products and annuities are not FDIC-insured).

This information collection requires national banks, Federal savings associations, and other covered persons involved in insurance sales, as defined in 12 CFR 14.20(f), to make two separate disclosures to consumers. Under 12 CFR 14.40, a national bank, Federal savings association, or other covered person must prepare and provide orally and in writing: (1) certain insurance disclosures to consumers before the completion of the initial sale of an insurance product or annuity to a consumer and (2) certain credit disclosures at the time of application for the extension of credit (if insurance products or annuities are sold, solicited, advertised, or offered in connection with an extension of credit). The insurance disclosures are required in advertisements and promotional material for insurance products or annuities unless the advertisements and promotional materials are of a general nature describing or listing the services or products offered by the national bank or Federal savings association.

Consumers use the disclosures to understand the risks associated with insurance products and annuities and to understand that they are not required to purchase, and may refrain from purchasing, certain insurance products or annuities in order to qualify for an extension of credit.

Affected Public: Businesses or other for-profit.

Frequency: On occasion.

Estimated Burden:

Estimated Number of Respondents: 315.

Total Estimated Burden Hours: 1,575.

Comments: Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the information collection burden;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of the operation, maintenance, and purchase of services necessary to provide the required information.

I. General Description of Reports

The Country Exposure Report (FFIEC 009) is filed quarterly with the agencies and provides information on international claims of U.S. banks, savings associations, Edge and/or Agreement corporations, bank holding companies, savings and loan holding companies, and intermediate holding companies (U.S. banking organizations) that is used for supervisory and analytical purposes. The information is used to monitor the foreign country exposures of reporting institutions to determine the degree of risk in their

portfolios and assess the potential risk of loss. The Country Exposure Information Report (FFIEC 009a) is a supplement to the FFIEC 009 and provides publicly available information on material foreign country exposures of U.S. banking organizations that file the FFIEC 009 report. On the FFIEC 009a, reporting institutions provide a list of countries in which they have lending exposures above 0.75 percent of their total assets or 15 percent of their total capital, whichever is less.

Legal Basis and Need for Collection

These information collections are mandatory under the following statutes: 12 U.S.C. 161 and 1817 (national banks), 12 U.S.C. 1464 (federal savings associations), 12 U.S.C. 248(a)(1) and (2), 1844(c), and 3906 (state member banks and bank holding companies); 12 U.S.C. 1467a(b)(2)(A) (savings and loan holding companies); 12 U.S.C. 5365(a) (intermediate holding companies); and 12 U.S.C. 1817 and 1820 (insured state nonmember commercial and savings banks and insured state savings associations). The FFIEC 009 information collection is given confidential treatment (5 U.S.C. 552(b)(4) and (b)(8)). The FFIEC 009a information collection is not given confidential treatment.

II. Current Actions

The FFIEC has approved issuing for public comment a proposal to extend without revision for three years the FFIEC 009 and FFIEC 009a. On April 11, 2024, the agencies received an unsolicited comment from a trade association regarding the reporting of securities financing transactions (SFTs) compared to the reporting for other collateralized claims on the FFIEC 009. This comment is under review by the agencies.
