

U.S. Department of Commerce, Room 21028, Washington, DC 20230.

Information submitted by any person is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552). However, non-confidential versions of the comments will be made available to the applicant if necessary for determining whether or not to issue the Certificate. Comments should refer to this application as "Export Trade Certificate of Review, application number 17-00002."

Summary of the Application

Applicant: FPUC, 41 Eldora Drive, Rochester, New York 14624.

Contact: Iola Edwards, CEO

Telephone: (585) 487-8288.

Application No.: 17-00002.

Date Deemed Submitted: April 19, 2017.

Summary: FPUC seeks a Certificate of Review to engage in the Export Trade Activities and Methods of Operation described below in the following Export Trade and Export Markets:

Export Trade

Products: All Products.

Services: All services related to the export of Products.

Technology Rights: All intellectual property rights associated with Products or Services, including, but not limited to: Patents, trademarks, services marks, trade names, copyrights, neighboring (related) rights, trade secrets, know-how, and confidential databases and computer programs.

Export Trade Facilitation Services (as related to the export of products): Export Trade Facilitation Services, including but not limited to: Consulting and trade strategy, arranging and coordinating delivery of Products to the port of export; arranging for inland and/or ocean transportation; allocating Products to vessel; arranging for storage space at port; arranging for warehousing, stevedoring, wharfage, handling, inspection, fumigation, and freight forwarding; insurance and financing; documentation and services related to compliance with customs' requirements; sales and marketing; export brokerage; foreign marketing and analysis; foreign market development; overseas advertising and promotion; Products-related research and design based upon foreign buyer and consumer preferences; inspection and quality control; shipping and export management; export licensing; provisions of overseas sales and distribution facilities and overseas sales staff; legal; accounting and tax assistance; development and application of management information systems;

trade show exhibitions; professional services in the area of government relations and assistance with federal and state export assistance programs (e.g., Export Enhancement and Market Promotion programs, invoicing (billing) foreign buyers; collecting (letters of credit and other financial instruments) payment for Products; and arranging for payment of applicable commissions and fees.

Export Markets

The Export Markets include all parts of the world except the United States (the fifty states of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, and the Trust Territory of the Pacific Islands).

Export Trade Activities and Methods of Operations

To engage in Export Trade in the Export Markets, FPUC may

1. Provide and/or arrange for the provision of Export Trade Facilitation Services;
2. Enter into exclusive and/or non-exclusive licensing and/or sales agreements with Suppliers for the export of Products and Services, and/or Technology Rights to Export Markets;
3. Enter into exclusive and/or non-exclusive agreements with distributors and/or sales representatives in Export Markets;
4. Allocate export orders or divide Export Markets among Suppliers for the sale and/or licensing of Products and Services and/or Technology Rights;
5. Establish the price of Products and Services and/or Technology Rights for sales and/or licensing in Export Markets;
6. Negotiate, enter into, and/or manage licensing agreements for the export of Technology Rights; and
7. FPUC may exchange information with individual Suppliers on a one-to-one basis regarding that Supplier's inventories and near-term production schedules in order that the availability of Products for export can be determined and effectively coordinated by FPUC with its distributors in Export Markets.

Definition

"Supplier" means a person who produces, provides, or sells Products, Services, and/or Technology Rights.

Dated: April 28, 2017.

Joseph Flynn,

Director, Office of Trade and Economic Analysis, International Trade Administration.

National Institute of Standards and Technology

National Advisory Committee on Windstorm Impact Reduction Meeting

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The National Advisory Committee on Windstorm Impact Reduction (NACWIR or Committee), will hold a webinar initiating the work of the Committee via video conference on Wednesday, May 17, 2017, from 9:00 a.m. to 1:00 p.m. Eastern Time. This will be the first meeting of the Committee and is intended to provide Committee members and the public with a description of the statutory requirements and scope of work of the Committee, an overview of the National Windstorm Impact Reduction Program (NWIRP) and the draft NWIRP Strategic Plan, and to propose timeframes and milestones for the work of the Committee. Interested members of the public will be able to view the webinar and participate from remote locations by calling in to a central phone number.

DATES: The NACWIR will hold a meeting via video conference on Wednesday, May 17, 2017, from 9:00 a.m. until 1:00 p.m. Eastern Time. The meeting will be open to the public.

ADDRESSES: Questions regarding the meeting should be sent to the National Windstorm Impact Reduction Program Director, National Institute of Standards and Technology (NIST), 100 Bureau Drive, Mail Stop 8611, Gaithersburg, Maryland 20899. Anyone wishing to participate must register by 5:00 p.m. Eastern Time, Wednesday, May 10, 2017. For instructions on how to participate in the meeting, please see the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Steve Potts, Management and Program Analyst, NWIRP, Engineering Laboratory, NIST, 100 Bureau Drive, Mail Stop 8611, Gaithersburg, Maryland 20899. He can also be contacted by email at Stephen.potts@nist.gov; or by phone at (301) 975-5412.

SUPPLEMENTARY INFORMATION: The National Advisory Committee on Windstorm Impact Reduction (NACWIR) was established in accordance with the requirements of the National Windstorm Impact Reduction Act Reauthorization of 2015, Public Law 114–52. The NACWIR is charged with offering assessments and recommendations on—

- trends and developments in the natural, engineering, and social sciences and practices of windstorm impact mitigation;

- the priorities of the Strategic Plan for the National Windstorm Impact Reduction Program (Program);
- the coordination of the Program;
- the effectiveness of the Program in meeting its purposes; and
- any revisions to the Program which may be necessary.

Background information on NWIRP and the Committee is available at <https://www.nist.gov/news-events/news/2016/07/nist-leads-federal-effort-save-lives-and-property-windstorms>.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the NACWIR will hold a webinar initiating the work of the Committee via video conference on Wednesday, May 17, 2017, from 9:00 a.m. to 1:00 p.m. Eastern Time. This will be the first meeting of the Committee and is intended to provide Committee members and the public with a description of the statutory requirements and scope of work of the Committee, an overview of the NWIRP and the draft NWIRP Strategic Plan, and to propose timeframes and milestones for the work of the Committee. The agenda and meeting materials will be posted on the NACWIR Web site at <https://www.nist.gov/el/mssd/nwirp/national-advisory-committee-windstorm-impact-reduction>.

All participants of the meeting are required to pre-register. Please submit your first and last name, email address, and phone number to Steve Potts at Stephen.potts@nist.gov or (301) 975–5412. After pre-registering, participants will be provided with detailed instructions on how to join the video conference remotely. Approximately 15 minutes will be reserved from 12:35 p.m.–12:50 p.m. Eastern Time for public comments. Speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated, and those who were unable to participate are

invited to submit written statements to NACWIR, National Institute of Standards and Technology, 100 Bureau Drive, MS 8611, Gaithersburg, Maryland 20899, or electronically by email to stephen.potts@nist.gov.

Dated: April 27, 2017.

Kevin Kimball,
Chief of Staff.

National Oceanic and Atmospheric Administration

RIN 0648–XF392

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Greater Atlantic Region, NMFS, has made a preliminary determination that two Exempted Fishing Permit (EFP) applications contain all of the required information and warrant further consideration. These EFPs would allow commercial fishing vessels to land Atlantic halibut under the minimum size limit and in excess of the possession limit for studies by the University of Massachusetts, Dartmouth, School for Marine Science and Technology, and The Nature Conservancy.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on applications for proposed EFPs.

DATES: Comments must be received on or before May 18, 2017.

ADDRESSES: You may submit written comments by any of the following methods:

- **Email:** NMFS.GAR.EFP@noaa.gov. Include in the subject line “Comments on SMAST and TNC Atlantic halibut EFPs.”

- **Mail:** John K. Bullard, Regional Administrator, NMFS, Northeast Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope “SMAST and TNC Atlantic Halibut EFPs.”

FOR FURTHER INFORMATION CONTACT:

Spencer Talmage, Fishery Management Specialist, 978–281–9232, Spencer.Talmage@noaa.gov.

SUPPLEMENTARY INFORMATION: The University of Massachusetts, Dartmouth, School for Marine Science and Technology (SMAST) and the Nature Conservancy submitted complete applications for two EFPs on March 17, 2017, and March 27, 2017, to conduct commercial fishing activities that regulations would otherwise restrict. The EFPs would authorize commercial fishing vessels to land Atlantic halibut in excess of the possession limit and that are smaller than the legal size limit.

The two EFPs would support a project studying Atlantic halibut stock structure, seasonal movement, behavior, and life history being conducted with funding from the Saltonstall-Kennedy Grant Program. The goal of the project is to address identified information gaps to improve future Atlantic halibut stock assessments. The project consists of two components: Tagging, and biological sampling. Project Investigators have requested two EFPs and a scientific Letter of Acknowledgement (LOA) for the project. The LOA was issued on March 31, 2017, for research trips to conduct at-sea tagging during summer 2017.

The SMAST EFP would support the tagging component of the research project. The EFP would allow one vessel to land Atlantic halibut in excess of the possession limit as described in 50 CFR 648.86(c) and below the minimum size limit as described in § 648.83(a)(1). Up to 10 Atlantic halibut would be landed under the tagging component of the project. Once these fish have been landed, no additional Atlantic halibut above the possession limit or below the minimum size limit would be landed. These fish would be held by SMAST to test preliminary tagging techniques prior to field tagging that will be conducted under the LOA this summer. Fish would be caught during regular fishing operations by the exempted vessel. This testing is necessary to ensure that tagging conducted in the course of the main project is effective. The exemption from the minimum size limit is necessary to ensure testing is completed on all size ranges of halibut expected to be tagged during the course of the main project.

Fishing under the SMAST tagging EFP would occur from April 2017 through July 2017. On average, the fishing vessel would conduct three to five tows per day on seven day trips, with each tow lasting three to five hours. Fishing would occur east of Cape
