

alternatives that are in addition to those listed herein.

3. *Public Involvement.* Public involvement, an essential part of the SEIS process, is integral to assessing the environmental consequences of the proposed action and improving the quality of the environmental decisionmaking. The public includes affected and interested Federal, State, and local agencies, Indian Tribes, concerned citizens, stakeholders, and other interested parties. Public participation in the SEIS process will be strongly encouraged, both formally and informally, to enhance the probability of a more technically accurate, economically feasible, and socially and politically acceptable SEIS. Public involvement will include but is not limited to: information dissemination; identification of problems, needs and opportunities; idea generation; public education; problem solving; providing feedback on proposals; evaluation of alternatives; conflict resolution by consensus; public and scoping notices and meetings; public, stakeholder and advisory groups consultation and meetings; and making the SEIS and supporting information readily available in conveniently located places, such as libraries and on the world wide Web.

4. *Scoping.* Scoping, an early and open process for identifying the scope of significant issues related to the proposed action and alternatives to be addressed in the SEIS, will be used to: (a) Identify the affected public and agency concerns; (b) facilitate an efficient SEIS preparation process; (c) define the issues and alternatives that will be examined in detail in the SEIS; and (d) save time in the overall process by helping to ensure that the draft SEIS adequately addresses relevant issues. The USACE anticipates conducting a public scoping meeting for this SEIS in October 2011. The exact date, time, and location of this meeting, which will be held in the general project area, have not yet been determined. This information will be publicized once the meeting arrangements have been made.

5. *Coordination.* The USACE and the U.S. Fish and Wildlife Service (USFWS) have formally committed to work together to conserve, protect, and restore fish and wildlife resources while ensuring environmental sustainability of our Nation's water resources under the January 22, 2003, Partnership Agreement for Water Resources and Fish and Wildlife. The USFWS will provide a Fish and Wildlife Coordination Act Report. Coordination will be maintained with the USFWS and the National Marine Fisheries Service (NMFS) regarding threatened and

endangered species under their respective jurisdictional responsibilities. Coordination will be maintained with the NMFS regarding essential fish habitat. Coordination will be maintained with the U.S. Coast Guard (USCG) regarding navigation issues. In addition, USFWS, NMFS, USCG and the U.S. Geological Survey will be invited to be cooperating agencies. Coordination will be maintained with the Natural Resources Conservation Service regarding prime and unique farmlands. The U.S. Department of Agriculture will be consulted regarding the "Swampbuster" provisions of the Food Security Act. Coordination will be maintained with the U.S. Environmental Protection Agency concerning compliance with Executive Order 12898, "Federal Action to Address Environmental Justice in Minority Populations and Low-Income Populations." Coordination will be maintained with the Advisory Council on Historic Preservation and the State Historic Preservation Officer. The Federal Aviation Administration will be consulted regarding potential impacts to local airports. The Louisiana Department of Natural Resources will be consulted regarding consistency with the Coastal Zone Management Act. The Louisiana Department of Environmental Quality will be consulted concerning potential impacts to water quality. The Louisiana Department of Wildlife and Fisheries will be consulted concerning potential impacts to Natural and Scenic Rivers and to fish and wildlife resources.

5. *Availability of Draft SEIS.* The earliest that the draft SEIS will be available for public review would be in the fall of 2012. The draft SEIS or a notice of availability will be distributed to affected Federal, State, and local agencies, Indian Tribes, and other interested parties.

Dated: August 11, 2011.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP11-532-000]

### Pivotal LNG, Inc.; Notice of Application

Take notice that on August 8, 2011, Pivotal LNG, Inc. (Pivotal), Ten Peachtree Place, Suite 1000, Atlanta, Georgia 30309, filed with the Federal Energy Regulatory Commission (Commission) an application under section 7(c) of the Natural Gas Act (NGA) and Parts 157 and 284 of the regulations of the FERC, requesting: (i) To the extent necessary, a limited jurisdiction blanket transportation certificate for the purpose of authorizing incidental transportation of natural gas as a by-product of the operation of non-jurisdictional liquefied natural gas (LNG) liquefaction and storage facility in support of its LNG vehicular and other end-use fuel business; (ii) a waiver of all regulatory, accounting, and reporting requirements applicable to natural gas companies under the NGA and Natural Gas Policy Act, and (iii) expedited consideration and action by the Commission as the requested approvals are a condition to closing on the proposed acquisition by Pivotal of the LNG facility, all as more fully described in the application. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link.
