SUPPLEMENTARY INFORMATION: We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper performance of our functions.
- Evaluate the accuracy of our estimate of the burden of the proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of technology.

Abstract of proposed collection:

The Office of Overseas Schools of the Department of State (A/OPR/OS) is responsible for determining that adequate educational opportunities exist at Foreign Service Posts for dependents of U.S. Government personnel stationed abroad, and for assisting American-sponsored overseas schools to demonstrate U.S. educational philosophy and practice. The information gathered provides the technical and professional staff of A/OPR/OS the means by which obligations, expenditures and reimbursements of the grant funds are monitored to ensure the grantee is in compliance with the terms of the grant.

Methodology:

Information is collected via electronic and paper submission.

Dated: November 13, 2006.

Peggy Philbin,

Executive Director, Bureau of Administration, Department of State.

DEPARTMENT OF STATE

[Public Notice 5630]

Notice of Receipt of Application for a Presidential Permit To Operate and Maintain Pipeline Facilities on the Border of the United States

Notice is hereby given that the Department of State has received an application from Plains Pipeline, L.P. ("PPLP") for a Presidential permit, pursuant to Executive Order 13337 of April 30, 2004, to operate and maintain a pipeline for transporting petroleum products from El Paso, Texas, to Juarez, Mexico ("Juarez pipeline"), crossing the international boundary line between the United States and Mexico at a point near El Paso, Texas. On June 19, 1995, the Department of State, acting pursuant to delegated authority, issued a Presidential permit to the Chevron Pipe Line Company ("Chevron"), a Delaware corporation with its principal offices in San Francisco, California, to "construct, connect, operate and maintain" the Juarez pipeline. According to the application, PPLP acquired the Juarez pipeline from Chevron on September 1, 2006 as part of a large asset acquisition.

According to the application, PPLP is a Texas Limited Partnership engaged in the interstate and intrastate transportation of crude oil by pipeline. Also, according to the application, PPLP is an indirect wholly owned subsidiary of Plains All American Pipeline, L.P., a Delaware Limited Partnership. PPLP has, in written correspondence to the

Department of State, committed to abide by the relevant terms and conditions of the permit previously issued by the Department to Chevron. Further, PPLP indicates in that correspondence that there have been no substantial changes in the operations of the Juarez pipeline from those originally authorized by the Department and further states that the future operation of the pipeline will remain essentially unchanged from that previously permitted. Therefore, in accordance with 22 CFR 161.7(b) (3) and the Department's Procedures for Issuance of a Presidential Permit Where There Has Been a Transfer of the Underlying Facility, Bridge or Border Crossing for Land Transportation (70 FR 30990, May 31, 2005), the Department of State does not intend to conduct an environmental review of the application unless information is brought to its attention that the transfer potentially would have a significant impact on the quality of the human environment.

As required by E.O. 13337, the Department of State is circulating this application to concerned Federal agencies for comment.

DATES: Interested parties are invited to submit, in duplicate, comments relative to this proposal on or before December 28, 2006 to Jeffrey Izzo, Office of International Energy and Commodities Policy, Department of State, Washington, DC 20520. The application and related documents that are part of the record to be considered by the Department of State in connection with this application are available for inspection in the Office of International Energy and Commodities Policy during normal business hours.

FOR FURTHER INFORMATION CONTACT: Jeffrey Izzo, Office of International Energy and Commodity Policy (EB/ESC/IEC/EPC), Department of State, Washington, DC 20520; or by telephone at (202) 647-1291; or by fax at (202) 647-4037.

Dated: November 20, 2006.

Stephen J. Gallogly,

Director, Office of International Energy and Commodity Policy, Department of State.
