[Docket No. FAA-2014-0384; Airspace Docket No. 14-ANE-6]

Amendment of Class D and Class E Airspace; Hartford, CT

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; technical amendment.

SUMMARY: This action amends Class D and Class E Airspace at Hartford, CT, by updating the geographic coordinates of Hartford-Brainard Airport. This action does not change the boundaries or operating requirements of the airspace.

DATES: Effective 0901 UTC, September 18, 2014. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by adjusting the geographic coordinates, within Class D and Class E airspace, of Hartford-Brainard Airport, Hartford, CT, to coincide with the FAA's aeronautical database. This is an administrative change and does not affect the boundaries, altitudes, or operating requirements of the airspace, therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not

a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Hartford-Brainard Airport, Hartford, CT.

Addition of Certain Persons to the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This rule amends the Export Administration Regulations (EAR) by adding sixteen persons under nineteen entries to the Entity List. The persons who are added to the Entity List have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These persons will be listed on the Entity List under the destinations of Afghanistan, China, Hong Kong, Iran, and the United Arab Emirates (U.A.E.). There are nineteen entries for sixteen persons because three persons are listed under multiple destinations, resulting in three additional entries: one person in the U.A.E. has an address in Iran and two persons in China each have one address in Hong Kong.

DATES: This rule is effective August 1, 2014.

Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482-5991, Fax: (202) 482-3911, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

The Entity List (Supplement No. 4 to Part 744) notifies the public about entities that have engaged in activities that could result in increased risk of diversion of exported, reexported or transferred (in-country) items to weapons of mass destruction (WMD) programs. Since its initial publication, grounds for inclusion on the Entity List have expanded to include activities sanctioned by the State Department and activities contrary to U.S. national security or foreign policy interests. Certain exports, reexports, and transfers (in-country) to entities on the Entity List require licenses from BIS. License applications are reviewed with a presumption of denial. The availability of license exceptions for exports, reexports on transfers (in-country) is very limited. The license review policy for each entity is identified in the license review policy column on the Entity List. The availability of license exceptions is noted in the **Federal Register** notices adding persons to the Entity List. BIS places entities on the Entity List based on certain sections of part 744 (Control Policy: End-User and End-Use Based) of the EAR.

The End-user Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions

Additions to the Entity List

This rule implements the decision of the ERC to add sixteen persons under nineteen entries to the Entity List on the basis of § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The nineteen entries added to the Entity List consist of five entries in Afghanistan, seven entries in China, two entries in Hong Kong, one entry in Iran, and four entries in the U.A.E.

The ERC reviewed § 744.11(b) (Criteria for revising the Entity List) in making the determination to add these sixteen persons to the Entity List. Under that paragraph, entities for whom there is reasonable cause to believe, based on specific and articulable facts, have been involved, are involved, or pose a significant risk of being or becoming involved, in activities that are contrary to the national security or foreign policy interests of the United States, and those acting on behalf of such persons may be added to the Entity List. Paragraphs (b)(1) through (b)(5) of § 744.11 include an illustrative list of activities that could be contrary to the national security or foreign policy interests of the United States.

The ERC determined to add four persons—FIMCO FZE, Crescent International Trade and Services FZE, Khosrow Kasraei, and Mujhid Ali—to the Entity List under five entries under the destinations of Iran and the U.A.E. on the basis of their involvement in activities contrary to the national security and foreign policy of the United States, under § 744.11(b)(2). These companies and their affiliates have been engaging in conduct that poses a risk of violating the EAR, specifically with regard to the attempted illicit reexport of U.S.-origin items to Iran, under § 744.11(b)(2). These four persons were involved in the attempted export of a lathe machine subject to the EAR to Iran in violation of Department of the Treasury, Office of Foreign Assets Control regulations and the EAR. Lathe machines are used in the production of high grade steel or “bright steel”, which in turn may be used, among other things, in the manufacture of automobile and aircraft parts.

The ERC determined to add five persons—Emal Bilal Construction Company, Wahab Karwan Construction Company, Mohammad Jan Khan Mangal, Shan Mahmoud Khan Mangal, and Emal Bilal Mangal—to the Entity List under the destination of Afghanistan for involvement in activities contrary to the national security and foreign policy interests of the United States, specifically the activities described under paragraph (b)(1) (Supporting persons engaged in acts of terror) of § 744.11 of the EAR. These persons have engaged in activities in support of persons designated by the Secretary of State as a Foreign Terrorist Organization (FTO). The persons designated as FTOs were so designated as a result of their activities against U.S. and coalition forces in Afghanistan contrary to the national security and foreign policy of the United States.
