## DEPARTMENT OF EDUCATION

[Docket No. ED–2022–SCC–0064]

### Agency Information Collection Activities; Comment Request; Rural Education Achievement Program: Small, Rural School Achievement Program and Rural and Low-Income School Program Application

**AGENCY:** Office of Elementary and Secondary Education (OESE), Department of Education (ED).

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, ED is proposing a revision of a currently approved collection.

**DATES:** Interested persons are invited to submit comments on or before July 11, 2022.

**ADDRESSES:** To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED–2022–SCC–0064. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the regulations.gov site is not available to the public for any reason, ED will temporarily accept comments at [ICDocketMgr@ed.gov](mailto:ICDocketMgr@ed.gov). Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the PRA Coordinator of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W208D, Washington, DC 20202–8240.

**FOR FURTHER INFORMATION CONTACT:** For specific questions related to collection activities, please contact Staci Cummins, (202) 453–6504.

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

**Title of Collection:** Rural Education Achievement Program: Small, Rural School Achievement Program and Rural and Low-Income School Program Application.

**OMB Control Number:** 1810–0646.

**Type of Review:** Revision of a currently approved collection.

**Respondents/Affected Public:** State, Local, and Tribal Governments.

**Total Estimated Number of Annual Responses:** 4,565.

**Total Estimated Number of Annual Burden Hours:** 4,120.

**Abstract:** The U.S. Department of Education (the Department) administers two grant programs under Title V, Part B (Rural Education Achievement Program (REAP) of the Elementary and Secondary Education Act of 1965 (ESEA): The Small, Rural School Achievement (SRSA) program (administered by the Department, which makes awards directly to local educational agencies (LEAs)) and the Rural and Low-Income School (RLIS) program (awarded by the Department to SEAs, which then make awards to and administer the program for LEAs, except that the Department may also make RLIS awards directly to LEAs in States that do not submit an approvable RLIS application to the Department. The

LEAs that apply directly to the Department under RLIS are known as Specially Qualified Agencies (SQAs)).

The information shared with the Department enables the Department to make eligibility determinations for LEAs and to calculate formula allocations for each eligible LEA. Form 1 consists of the REAP Eligibility Spreadsheet through which SEAs provide to the Department eligibility and allocation data for both the RLIS and SRSA programs. Form 2 consists of the application package for LEAs under the SRSA program. Form 3 consists of the application package for SQAs under the RLIS program. This proposed application package is a revision of current information collection package (OMB #1810–0646), updated to include process improvements and enhance consistency across Forms 1, 2, and 3. Updates include clarifications to data collection processes (e.g., which year data is requested), improved question structure, and process improvements related to LEA eligibility (e.g., clarifying virtual and operational status).

Dated: May 5, 2022.

### Federal Energy Regulatory Commission

[Docket No. CP22-26-000]

#### Northern Natural Gas Company; Notice of Schedule for the Preparation of an Environmental Assessment for the Des Moines A-Line Replacement Project

On December 3, 2021, Northern Natural Gas Company (Northern) filed an application in Docket No. CP22-26-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(b) and 7(c) of the Natural Gas Act to abandon, remove, and construct certain natural gas pipeline facilities in Boone, Dallas and Polk Counties, Iowa. The proposed project is known as the Des Moines A-Line Replacement Project (Project). Northern proposes to abandon its existing 16-inch-diameter Des Moines A-Line, originally authorized in 1943, and replace its capacity through the installation of new 20-inch-diameter pipeline as an extension of its Des Moines C-Line. The C-Line extension would not increase the capacity of the system; but rather restore the 340 million cubic feet per day (MMcf/day) of natural gas lost with abandonment of the A-line. The Project would result in no loss of service to Northern's customers and would have no impact on Northern's ability to serve markets on its system.

On December 17, 2021, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.<sup>1</sup>

#### Schedule for Environmental Review

Issuance of EA: November 4, 2022.  
90-day Federal Authorization  
Decision Deadline: <sup>2</sup> February 2, 2023.

<sup>1</sup> 40 CFR 1501.10 (2020).

<sup>2</sup> The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

#### Project Description

Northern proposes to abandon about 29.6 miles of its existing 16-inch-diameter Des Moines IAB65001 A-Line in Boone, Dallas and Polk Counties, Iowa. The abandonment would begin at its existing Ogden Compressor Station at A-Line milepost (MP) 0.0 in Boone County. It would terminate at an existing A-Line Third Launcher, at A-Line MP 29.63, in Polk County. The A-Line would remain in-service downstream of the launcher; which would be renamed the Des Moines Piggings and Regulator Facility. Most of the existing A-Line would be abandoned-in-place; however, Northern proposes to remove about 0.06 mile of the A-Line. Northern also proposes to install a total of about 9.1 miles of new 20-inch-diameter pipeline as an extension of its existing C-Line in Boone, Dallas, and Polk Counties, Iowa.

#### Background

On February 8, 2022, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Des Moines A-Line Replacement Project*. The scoping period closed March 11, 2022. The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; potentially interested Indian tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received a comment from the Teamsters National Pipeline Labor Management Cooperation Trust, stating that they support the building of the Project if union labor is utilized in construction. A landowner stated that the Project was rerouted to avoid their property, and referenced a past incident of pipeline failure on their property. A second landowner expressed concerns that the Project would negatively impact the impending sale of their property. All substantive environmental comments will be addressed in the EA.

#### Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This

other agency's decisions applies unless a schedule is otherwise established by federal law.
